APPROVED APPLICATOR STATEMENT

This is to confirm that Swart & Sons Pty Ltd (the company) of 120 Mooringe Avenue, North Plympton, SA, is qualified by Permax as an approved installer of the following Nullifire intumescent basecoat systems:-

Nullifire SC902

Nullifire SC803

The company has demonstrated competence in all disciplines with regards to the application of the coatings as nominated above, for the fire protection of structural steel in commercial, industrial and domestic installations.

The company applies the nominated Nullifire coatings using equipment qualified as being suitable to ensure correct installation of the product systems as specified and in accordance to the manufacturer's recommendations. The company maintains QA records pertaining to coatings installations in accordance with best practice methods consistent with the accepted procedures for application of spray applied intumescent coatings.

Signed,

A handwritten signature in blue ink, appearing to read "Andrew Abrahams", is written over a light blue horizontal line.
