

YOUR SUPPORT MATTERS

Last year, the compassion of our community helped us provide charitable care and fueled our mission to support friends by providing peace of mind. From Assisted Living to Home Care to our Health and Rehab Centers, we provided uncompensated care to residents and patients throughout our areas of service, making sure that all those at Friendship can live healthy, full lives.

As our community comes out of a global pandemic, challenges still remain as we provide compassionate care, innovative treatments, diverse living accommodations, and specialized rehab and therapy services. Your generosity and commitment ensure these needs continue to be met for seniors in our community, and we cannot thank you enough for your support.

Joe Hoff, Chief Executive Officer

Community Contributions
2022-2023

1 IN 6 ASSISTED LIVING RESIDENTS
experiences financial difficulties due to:

- ✓ the loss of a spouse
- ✓ increased healthcare needs
- ✓ diminished savings
- ✓ inflation

MEET HELEN CLINE

Resident Helen Cline was a nurse's aide at the former Shenandoah Hospital, so she knows what good care looks like. Now at 86-years-old, Helen talks fondly of the daily nursing care she receives at Friendship. "They take care of you," she states matter-of-factly. "If you need anything, they see about you."

Although Helen's husband passed away in 2005 and she no longer has family, she is surrounded by people who provide her with both physical and emotional support.

Originally an Independent Living resident, Helen moved to Assisted Living when she started needing more support. She also benefits from Friendship's Home Care services.

Because of the generosity of donors like you, residents like Helen can age with dignity, regardless of their ability to pay for housing and health care. Helen has cared for many patients in her lifetime, and your support ensures she receives that same care today.

"Your generosity gives residents the peace of mind and a comfortable place to call home."

YOU CAN HELP A FRIEND:

feel better

\$45 funds a topical medication not covered by insurance

breathe easier

\$85 provides cough medicine not covered by insurance

see clearly

\$160 supplies a pair of eyeglasses for a resident

go farther

\$200 equips a resident with a wheelchair battery
