

West Rise Community Infant School

Minimum exclusion periods for illness and disease

Please note that we are advised by School Health in relation to the exclusion periods set out below. Please see your GP or contact NHS Direct if you are unsure about any other symptoms you may be concerned about.

Illness/Disease	Period of exclusion
Chicken Pox	Until all spots have dried.
Conjunctivitis	After treatment when weeping subsides and eye is less agitated.
Hand Foot and Mouth Disease	Until rash and ulcers subside.
Head Lice	Until treatment has been given.
Impetigo	Until the rash is healed.
Ringworm	Until treatment has been given.
Diarrhoea and Vomit	48 hours after last bout of illness.
Sickness	48 hours after last bout of illness.
Diarrhoea	48 hours after last bout of illness.

If your child is suffering from a cough, general cold, headache or feeling unwell, please send your child in with pain relief e.g. Calpol (please sign a medical form in the office). If your child's symptoms worsen and is not well enough to be in school, we will obviously give you a call.
