DAO can establish or dissolve workstreams, appoint or replace leaders of workstreams, and approve or deny workstream’s proposals for funding.

Workstreams can consist of Individuals and/or Squads. An individual can be a member of multiple squads or workstreams.

New workstreams can be proposed to ShapeShift DAO and can request funding. Workstreams can hire, fire, and send payments to individuals or squads. Workstreams can send payments to external addresses to cover expenses.

Individual Contributors and Squads (examples)
Individuals or squads can request and receive funding from workstreams.

A squad is a team of individuals within a workstream.

An individual can be a member of multiple squads or workstreams.
