

Afghan Training Support

WithYouWithMe has offered free tech training to 2000 Afghan Refugees and we need your help.

WithYouWithMe has opened our Potential platform to the Afghan community for free to access our digital training, aptitude testing, career coaching and employment support.

We are looking for individuals who can help translate our tech training and support our training boot camps to Dari and Pashto.

The Training

How does the WithYouWithMe training work?

1 Discover

We test your aptitude and skills to help you discover what you're naturally good and your perfect digital training path.

2 Train

Learn at your own pace. All our training is online and can be completed self-paced. Students can just complete the courses individually, or join an online virtual Bootcamp with an instructor and other students for extra support. These Bootcamps are generally 5 hours spread over a one to two week period (one hour a day).

3 Deploy

Our training provides you with work ready skills to help you deploy into the workforce.

Want to help?

There are three pathways you can join to help WYWM provide this support.

1 Translate our courses

We are looking for individuals to translate our courses (written content and audio) into Dari and Pashto. This work can be remote and done at any time that suits you.

2 Interpreters on Bootcamps

We are looking for tech-savvy individuals to support our tech bootcamps. Our bootcamps are live, online classes which students can join for one hour a day over a one to two week period. We will be running three different Bootcamps between now and the end of the 2021: Data Analytics, IT Support, Linux System Administration. This work can be remote, but the times will be set.

3 Career support

We are looking for individuals who can help the Afghan community with their LinkedIn profile and Resume. This work can be remote, the times may vary depending on the individual you are supporting and when they are available for a phone call or video meeting.

* All positions can vary with 5-10 hours work a week, with the possibility of additional hours or even full time work.

Timeline

Now

- WYWM Potential is open now for the Afghan community to sign up and start their testing and online training.

Sep

- Hiring the Afghan support team, translation of courses and career support commences.

Oct

- First Afghan Tech Training Bootcamp completed, translation of courses and career support continues.

**Nov
- Dec**

- Second and Third Bootcamp completed, ongoing career support and translation as required.

Next Steps

Where to from here?

1 Email

Email Rebekah (rebekah@withyouwithme.com) and let her know if you would like to support us with course translation, bootcamp interpreter, and/or career support.

2 Sign-Up

Sign up to WYWM Potential to complete the testing and see the training yourself. You can join the WYWM Afghan training program here: <https://www.withyouwithme.com/afghanistan-project>

3 Share

Send the above link to any fellow Afghan interpreters or refugees who you think would benefit from free tech training and career support: <https://www.withyouwithme.com/afghanistan-project>
