

## 05 How do I read an article?

**Task:** Read verified articles about gestational diabetes

### Step 1

You will be presented with the **Hub** screen with a number of articles.

### Step 2

Click on the article which you would like to read and the article will open.

### Step 3

If you scroll to the bottom, there are links to additional content, which you can access by tapping on the links (internet connection required).
