

09 How do I review readings?

Task: View readings in a graph view

Previous actions taken: Activate GDM-Health app / Open the app / Submit readings

Step 1

From the hub screen, tap on the **Complete readings** circle and you will get to the graphical view.

Step 2

On this graph you can view your readings. The dots are as follows:

- Red:** High reading
- Green:** Reading within normal limits
- Blue:** Low reading

Step 3

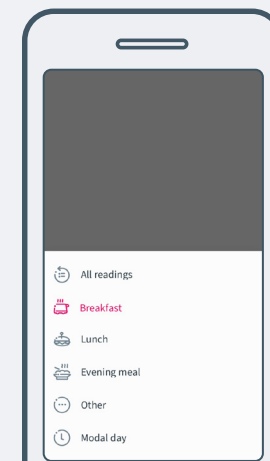

The graph can be filtered by meal type.

To do this, click on the **Filter** icon in the top right-hand side of the screen.

Select the meal type which you would like to view the details.

Step 4

You will then see the graph filtered by requested meal type.

Task: View readings in a diary

Previous actions taken: Activate GDM-Health app / Open the app / Submit readings

Step 1

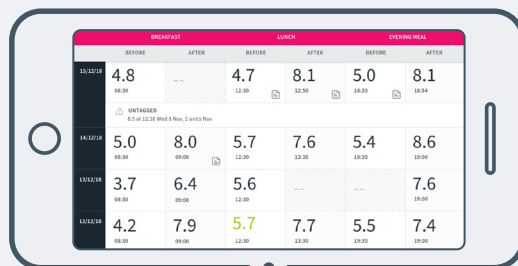

From the hub screen, tap on the **Complete readings** circle and you will get to the graphical view.

NOTE: Before proceeding to **Step 2**, ensure your **Screen Orientation** setting is unlocked on your phone.

Step 2

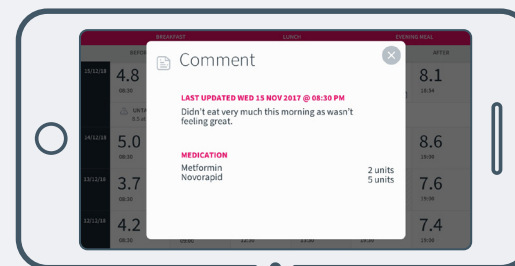

You will then see a message which states **Rotate phone for diary view**.

If you do this you will see your readings in a diary format.

Step 3

Once in this view, you can look at each reading in more detail. Tap on the reading you are interested in and more detail will appear.

Step 4

To exit this screen press on the **X** in the top right corner of the screen.

To leave the diary view, rotate your screen back to portrait
