

Are you fully confident that:

- you are meeting all compliance requirements for your ELL population?
- your data gathering and reporting process is both effective and efficient?
- none of your ELL students or parents are falling through the cracks?

## ARE YOU IN CONTROL OF ELL COMPLIANCE?

SuccessEd has created **ELLA - the English Language Learner Application** - a software solution that allows you to confidently answer "Yes!" to these difficult questions. First released in 2012, ELLA is designed to accelerate the cumbersome process of gathering and organizing records through an efficient, accurate and compliant process.

### COMPLIANCE & INSTRUCTIONAL TOOL

### BUILT BY EDUCATORS, FOR EDUCATORS

For over twenty years, SuccessEd has provided tools to improve the lives of educators and the students and parents that they serve. As former educators, we understand the challenges and pressures that are so often associated with our vocation. Always mindful of this, we pour ourselves into our software solutions - developing tools that improve the quality of life of the educator and help them spend less time with keyboards and more time with kids.
