OUR MISSION STATEMENT

"The poor and the sick are the heart of God.
By serving them, we serve Jesus the Christ."

- St. Camillus de Lellis (1550-1614)

By providing services to the poor, the sick and the elderly with a sense of compassion and love, St. Camillus campus offers hope and meaning to those who are suffering, comfort and security to those who are aging, and serenity to those who are dying, taking into account each person's innate dignity, unique needs, and God given rights.

OUR VISION STATEMENT

St. Camillus will become a nationally recognized life plan community by achieving the highest levels of healthcare quality; sharing knowledge and best practices; and delivering exceptional experiences to help individuals achieve their life goals.

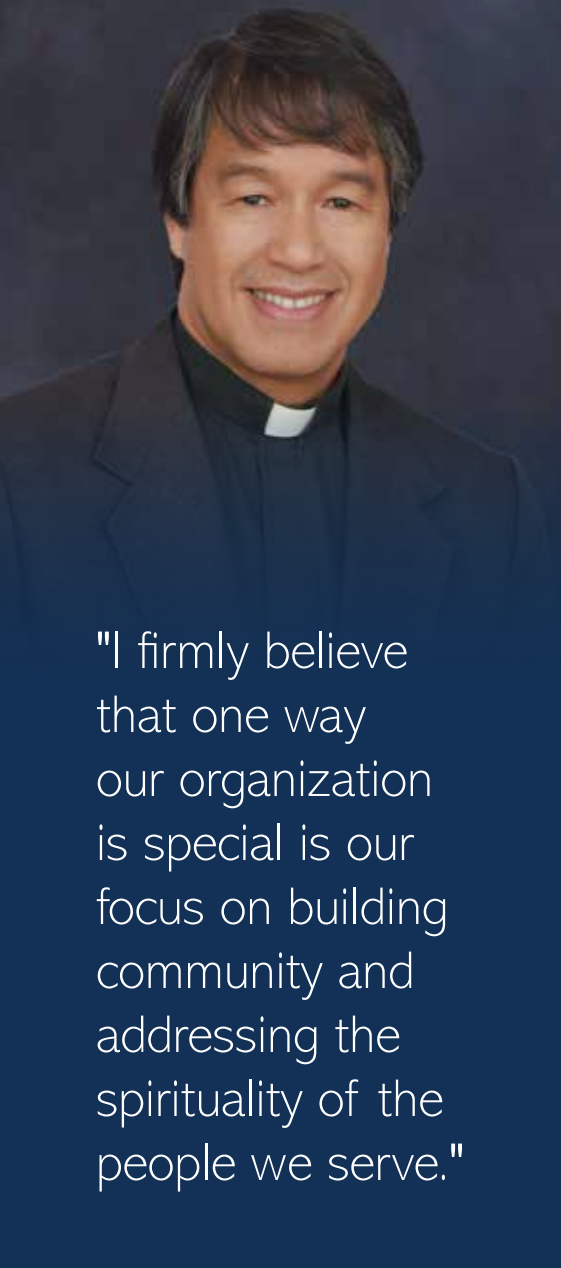

TRADITION - In the tradition of our founder, the St. Camillus community provides exceptional experiences honoring an individual's sacredness and dignity.

COMPASSION - We offer health, comfort, hope, and meaning by respecting each person's innate dignity, unique needs, and God-given rights.

INNOVATION - We strive to become the center of new knowledge and adopt best practices to help individuals attain their life goals and holistic well-being.

OUR CORE VALUES

• Wholistic Care • Compassion • Community • Hope

"I firmly believe that one way our organization is special is our focus on building community and addressing the spirituality of the people we serve."

Our St. Camillus Serves program earned us the *Treasures of the Church Award* presented by Archbishop Jerome ListECKi.

Over this past year, we've all experienced many changes. One major change for me was my joint appointment as the new Provincial Delegate for the USA Camillians and new President of the St. Camillus Health Systems, Inc. Together with our Board of Directors and Senior Leadership Team, we accomplished many projects which were focused on providing quality care for our residents and their families, supporting our staff, and establishing stronger connections with the surrounding communities. One of major events this past year was the grand opening of the East Residence. We also implemented new programs to support and benefit our employees such as partnering with a group of physicians who opened a campus medical clinic. We also increased the salary of our caregiving staff in recognition of their dedication and compassion. Finally, we continued to extend our ministry beyond campus through the St. Camillus Serves program.

As we continue our journey in 2023, I would like to share some of our new projects that we believe will strengthen our commitment to serve. One major task is the revision of our mission statement and core values which leads us to the development of new strategic plans for the coming years. In addition, we are also committed to continue to collaborate with different congregations of religious Sisters to serve on our campus. This is a mutually rewarding endeavor, one that elevates and separates us from other life plan communities. Additionally we are continuing to focus on developing new and innovative ways to support the needs of our employees. Finally, we hope to continue to "grow and expand" not in terms of buildings, but in terms of broadening the reach of our mission to other communities.

In my reflection, I am led to think that besides the goals and programs I previously mentioned, our intention should also be to provide stability and build a strong foundation both in our leadership and in the kind of care we provide. In order to accomplish these goals, we need to continue to be mindful of how we support one another and to ask for the intercession of St. Camillus de Lellis whose words we consider to be the foundation of our core values, "More heart in your hands".

Fr. Jojo Orosa, M.I.
Provincial Delegate

Our conviction is that the more we care for our staff, the more caring they will be for others.

"We created many opportunities for giving, volunteering and serving both on and off campus, while continuing to grow our community."

Our Skilled Nursing, Home Health and Hospice teams all achieved exceptional regulatory body survey results.

2022 has been our busiest year yet, and can be summarized in a few words: change, growth, and opportunity. Our fiscal year ended on a strong note both financially and operationally. Our Skilled Nursing, Home Health and Hospice teams all achieved exceptional regulatory body survey results. We brought in more religious Sisters from overseas to become a part of the St. Camillus family. We opened our beautiful East Residence a month early and have stayed ahead of our move-in schedule. The remodel of the first floor of our West Residence has provided Independent Living residents one beautiful, integrated community to call home. Our Home Health Services department received training on telehealth monitoring and launched that service to the community. The Organizational and Professional Development (OPD) department became a certified training site for CNAs. Our Environmental Services department collaborated with the OPD department to sponsor one of the first Electrician's Apprentice programs on a long-term care campus. We collaborated with Marquette University to develop and pilot our Students in Residence Program. In the spirit of supporting and growing our mission, we opened the St. Camillus Co-Op as a service to our staff.

Our momentum has not slowed down in the new fiscal year. We are in process of developing a new strategic plan that will ensure a sustained successful future, with new initiatives to continue to positively affect our culture. To paraphrase Vince Lombardi, individual commitment to the betterment of the team is what makes a team work, a company work, a society work, a civilization work. We are grateful for the talent and service of our Board of Directors, and for the dedication and passion of all the people who live, work and volunteer in our community.

With Gratitude,

Shannon M Angell,
President and CEO

Our East Residence opened a month early and we are ahead of our move-in schedule.

History of the Order of St. Camillus

Ministries of the Order

Timeline of the Campus

Feast Week

1923 The first
Camillian
Community is established in
Milwaukee, Wisconsin.

1930 Pope
Pius XI
declares St. Camillus "Model
and protector of nurses and
all who serve the sick."

Tracing its roots back to Germany,
the USA Delegation has grown
from a single home to a 23 acre
campus in Wauwatosa, Wisconsin.

HISTORY OF THE ORDER OF ST. CAMILLUS - USA DELEGATION

In September of 1919, the Superior of the German Province of The Order of St. Camillus received a letter from Rev. James Durward of the diocese of St. Paul, Minnesota. Fr. Durward offered to donate a beautiful spot named Durward's Glen near Baraboo, Wisconsin to the Order. With the offer came the condition that a hospital be built on the site. The German Province sent Father Michael Mueller to America in the Fall of 1921 to investigate the matter.

On the voyage, Fr. Mueller met the Most Rev. Sebastian Messmer, Archbishop of Milwaukee. The Archbishop invited Fr. Mueller to visit Milwaukee if the project in Durward's Glen proved to be impractical. Fr. Mueller found the Durward's Glen site to be too remote for a hospital, and he instead returned to Milwaukee with hopes of finding a location there.

On February 12, 1923, Fr. Mueller purchased a house on the south side of Milwaukee to serve as a monastery. He then purchased a second, adjacent house which he and other German Camillians opened as a small hospital for the old and incurable. The request for rooms in the small hospital became so numerous that the community decided to build a new and more modern hospital which opened in Wauwatosa in 1932. It became known as the St. Camillus campus where the ministry continues today.

MINISTRIES OF THE ORDER

The ministries of the Camillians can be subdivided into 6 major categories:

Hospitals: Camillians work in hospitals owned by the Order serving as doctors, nurses, and administrators from large metro facilities in Brazil to smaller centers in more remote regions such as the Central African Republic.

Social Health: The Camillian Order owns and operates Health Centers which focus on specific needs including services to the elderly, HIV/AIDS patients, disabled children, addiction centers, nutrition centers, and other social health services.

Education: The Order also owns multiple universities and education centers around the world which focus primarily on healthcare but include other programs as well.

Parishes: The Camillians are active in parish ministry, giving special attention to helping the poor and the sick within the parish.

Chaplaincy and Pastoral Care: Camillians serve in many public and private hospitals and communities worldwide.

Missions: The Camillians have a variety of missions throughout the world. Camillian Disaster Service International (CADIS) responds to emergency situations and aids victims of disasters world-wide.

42 countries
around the
world have a Camillian
ministry presence.

The Order owns and operates over 91 hospitals and over 115 health centers around the world.

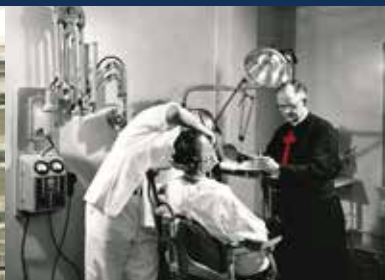

The Camillian ministry is as diverse as the people served across the globe.

CAMPUS TIMELINE

- The Order first came to Milwaukee in 1921, when Father Michael Mueller, a Camillian, came to the United States from Germany.
- In 1925, seven acres of land were purchased in Wauwatosa, Wisconsin.
- In 1935, the novitiate is built at Durward's Glen in Baraboo, Wisconsin.
- In 1947, the Most Reverend Charles Mansfeld, Provincial of the North American Province, is elected Superior General of the world-wide Order.
- In 1923, the first Camillian hospital opened on the south side of Milwaukee.
- The Camillians opened St. Camillus Hospital in 1932 in Wauwatosa, Wisconsin.
- On April 12th, 1946 the Commissariate is elevated to the status of a religious province and is known as the North American Province of the Order of St. Camillus.

In 1956, the St. Camillus Women's Guild was founded by Fr. Francis Anderson.

The campus added a Community House for the priests and brothers of the Order in the 1960's that eventually transitioned into an Assisted Living Community in 1968.

A portion of the religious Community House was converted into Camillus Court, a Memory Care Residence.

The campus expanded further into senior care when the West Residence, formerly known as San Camillo Independent Living, was built in 1986 with 200 apartments.

In the 1960's, the original hospital was added onto several times and was converted to a nursing home. The campus shifted services from acute care to subacute and serviced the long-term care market, with 70 additional beds.

The first female patient was admitted to St. Camillus Health Center in 1969.

In 1989, the remainder of the former Community House was converted into Camillus Court with an additional 12 rooms. Groundbreaking also took place for a new 188 bed Health Center.

• In 1991, Phase 2 of Independent Living opened with 97 additional apartments and a chapel.

• In April of 1996, the Clinical Pastoral Education Program (CPE) began at St. Camillus.

• In 2001, the Community House was leased to Kathy's House, Inc., a hospital hospitality nonprofit agency.

• In 2009, St. Camillus Home Hospice was established.

• In 1993, the Health Center converted to 69 Assisted Living apartments. The Jesuit Community began to lease the 4th floor of this building.

• In 1997, a 9-unit AIDS wing opened on the 1st floor of Court East.

• In 2004, ground was broken for 75 additional Assisted Living apartments.

- In 2010, USA Camillians became a delegation of the General Consulta in Rome.
- In 2011, the USA Delegation was incorporated into the Camillian Province of Brazil.
- In 2016, campus houses were taken down to construct 72 new Assisted Living apartments, and the North Residence including 48 Memory Care apartments, 50 Jesuit apartments, and a new Camillian Community House.
- In 2018, the North Residence, Jesuit Residence and Camillian Community House opened.
- In 2019, construction began on the East Residence Independent Living expansion, including 168 additional apartments.
- In 2021, the Centennial Celebration of the Camillians in the USA was celebrated.
- In March 2022, the East Residence opened, completing the latest expansion on the St. Camillus campus.

FEAST WEEK

Every July the entire campus enthusiastically celebrates the Feast of St. Camillus. Feast Week activities include:

- Special Masses including Anointing Masses for all residents
- A Community Coffee highlighting the work of the Order and our service to the community through St. Camillus Serves
- Ice cream socials
- Cookouts for residents and employees
- Service Project – 300 care kits for seniors in need assembled and delivered by employees and volunteers
- Spirit of St. Camillus Award luncheon honoring employees whose work exemplifies the mission of St. Camillus
- A celebration to congratulate Fr. Pedro Tramontin, former St. Camillus President and USA Provincial Delegate, and wish him well at his new position in Rome as Superior General of the entire Camillian Order
- Special dedication ceremony for the opening of Tramontin's Bistro

300 Care kits for seniors in need were filled with essentials and delivered.

6 Ice cream socials throughout campus were held.

Our Sisters

STUDENTS IN RESIDENCE

The Students in Residence Program is an intergenerational program that offers Marquette graduate students the opportunity to live at St. Camillus for reduced rent in exchange for eight hours of volunteer work on campus each week. The students have access to the Revitalize Wellness Center, all culinary venues and amenities, and have the flexibility to be innovative with how they spend their hours volunteering. St. Camillus hosted three students all whom resided in the West Residence Independent Living.

The Students in Residence Program ran from August 2022 to May 2023. Between the three students, coffee clutches, Brazilian cooking demonstrations, sports watch parties and more have been implemented into the Independent Living Life Enrichment programming. St. Camillus has grown to be much more than just a place to stay for the three Marquette students, but a home with social activities, engaging conversations and both learning and teaching opportunities.

The program is mutually beneficial to the St. Camillus residents and Marquette students. St. Camillus and Marquette University will continue the program in fall with both the number of students in residence increasing, as well as areas of campus where they will be volunteering. In 2023, students will volunteer in the Assisted Living, Memory Care and Skilled Nursing Residences in addition to Independent Living.

2022 marked the first Students in Residence Program in partnership with Marquette University.

Intergenerational relationships are known to reduce social isolation and create a sense of community.

“I feel like they’re community grandchildren.”

— Bill Rowles,
Independent Living resident

13 residents graduated from our Intergenerational Mobility Program (IMP).

A Resident's leisure interest is incorporated into the physical portion of the session.

INNOVATIVE PROGRAMMING

Innovative programming is just one of the many ways that St. Camillus strives to constantly improve the quality of life for our residents. We have Life Enrichment team members in all areas of our campus to tailor the activities and offerings to meet the specific needs of those residents.

Our Intergenerational Mobility Program (IMP) is one example of our inventive programs. It is a 12 week course focusing on physical and cognitive aspects of mobility, ambulation and strength. Created by our Research and Life Enrichment Director in Memory Care, the program pairs college students with residents who have Alzheimer's disease or a related dementia. The students, juniors from Marquette University and Wisconsin Lutheran College, majored in exercise science, physical therapy or sports medicine. As part of their "Coach" training, they received extensive instruction in gait belt use, how to "cue" residents and collect data. The students then were assigned to a resident for the duration of the program.

In each session, an individual resident's life and interests are highlighted. The skill and strength portion of the session is personalized to reflect the resident's interests with the focus being on use of the core, step height and reaction times. Resident goals include decreased falls, improved strength and balance, increased socialization and a stronger self-worth. The program concludes with a graduation ceremony where residents, along with their student Coach, walk the red carpet.

The personalized exercise portion as well as the intergenerational element of the program are two unique features of the IMP. The program will be a reoccurring offering and there are future plans to expand it for those affected by Parkinson's disease.

College students serve as one-on-one coaches.

15 employees
and students
completed the CNA
training program.

St. Camillus underwrites
the cost of \$1,225
per participant for both
training and testing fees.

CNA TRAINING PROGRAM

As a benefit to employees, St. Camillus has been providing complimentary CNA training for over 10 years. In 2020, St. Camillus proactively began the process to become a host site, and was approved in September 2022.

St. Camillus incorporates ReadyCNA training, a program developed by Cinematic Health Education. ReadyCNA is a comprehensive, 40-hour, cloud-based training program to prepare individuals for careers as certified nursing assistants. Using best-in-class learning designed to engage students on their path to certification, the curriculum prepares them for the emotional demands and rewards of the CNA profession.

Additionally, the skills lab training portion offers hands-on practice with St. Camillus Independent Living residents as volunteers instead of mannequins. The clinical practice is also completed on campus in the Skilled Nursing, Assisted Living and Memory Care Residences.

The St. Camillus CNA training is completed in 90 hours in exchange for a commitment to work at St. Camillus. This program is offered to St. Camillus employees in good standing, students from partner high schools, colleges and universities, who are seeking healthcare related careers and are a minimum of 17 years of age.

APPRENTICESHIPS

Responding to the state of the current job market, St. Camillus is proactive in providing training and advancement opportunities for employees.

Our culinary apprenticeship is a 24 month program working at St. Camillus while also attending Milwaukee Area Technical College (MATC) on a part-time basis. Our culinary apprentice performs a variety of culinary duties including: rotating throughout different kitchen areas and dining venues, participating in catering and special events and becoming knowledgeable of institutional and special diets.

By providing both the on-site training as well as the educational component, the apprentice will graduate as either a cook or chef.

Our electrician apprenticeship is a 5 year commitment. The apprentice attends Waukesha County Technical College (WCTC) part-time and works along side a St. Camillus Master Electrician while on campus.

Both programs have been successful and we look forward to graduating our first apprentices.

2 apprenticeships were awarded - one in electrical and one in culinary.

St. Camillus is the first Life Plan Community in Southeastern Wisconsin to offer specialty apprenticeships.

“We are proud to provide opportunities to grow both professionally and personally.”

– Lisa Harsch, Campus Culinary Director

Students bring comfort, compassion, strength and inner healing to those who are sick, disabled or aging.

CPE seeks ways to integrate theology with life experience.

“Through this program, I have deepened my understanding of life's journey in all its beauty.”

— Former CPE Student

CLINICAL PASTORAL EDUCATION

The St. Camillus Clinical Pastoral Education (CPE) program is a chaplaincy training program for theological students, ordained clergy, members of religious communities and qualified lay people to become skilled ministers under the training of an ACPE Certified Educator. The St. Camillus CPE program is accredited through the Association of Clinical Pastoral Education (ACPE), the premier organization that provides the highest quality CPE programs for spiritual care professionals of any faith and in any setting.

Our innovative CPE program offers three levels to students: CPE 1 and 2, and Certified Educator Training. Our students are required to complete 400 hours which includes group class instruction and a minimum of 250 hours of direct clinical ministry to our residents, staff and families. Out of this intense training program, CPE students are challenged to improve, deepen and expand the quality of their relationships and ministry.

The St. Camillus CPE Program provides our students with an environment rich in learning through opportunities to observe, interact and support our seniors, their families and staff through our full continuum of care. By examining and witnessing the physical, psychosocial and spiritual challenges of aging, the St. Camillus CPE program provides our students with a unique learning experience of human growth and dignity.

OUR SISTERS

Always looking for ways to enhance the quality of care for our residents as well as responding to the ongoing medical staffing shortage, the leadership of the USA Camillian Delegation piloted a program of hiring religious sisters to work on campus. St. Camillus provides housing and a salary in return for their employment. The Sisters come from India, Tanzania and Vietnam and their backgrounds are as varied as their homelands. Several have experience working in healthcare or caregiving, and one Sister was even a dentist in her home country. They live on-campus, either in our Trinity House or other homes, and work predominantly in our licensed areas of campus.

Besides housing and a salary, St. Camillus also provides the Sisters with education and training. Several of the Sisters have passed the Certified Nursing Assistant (CNA) exams and some have become licensed Registered Nurses (RN). Two of the Sisters are now RN Supervisors on campus. Our residents are helping to teach the Sisters as well, serving as English as a Second Language instructors.

The Sisters are wonderful addition to our campus. Our residents receive quality and compassionate care and the Sisters are able to support their Orders and live out the mission of St. Camillus to “hold more heart in your hands.”

20 Sisters from 5 congregations are living and working at St. Camillus.

The Sisters are able to support their Orders while living our mission.

The Sisters are a wonderful addition to our campus.

Compassion

St. Camillus Serves

Lay Camillian Family

St. Camillus Serves is under the "umbrella" of the Mission Office with the goal of helping to advance the mission of St. Camillus through service to our employees, our residents and families, and the community. 2022 was a year filled with projects and initiatives.

Service to employees

- Tony Brazil Food Drive honored the memory of our cherished co-worker, allowed the opening of the St. Camillus Food Co-op which offers non-perishable food at no cost to employees. In the first 4 months, the Co-op served more than 140 shoppers.
- Emergency Transportation Pilot Project was a Lyft program helping caregivers and dietary staff with emergency rides to work if their main transportation failed.
- Gifts from the Heart Toy Drive fulfilled 147 children's wish lists with more than 300 gifts distributed to employee families.

Service to residents & their families

- As part of our campus-wide volunteer program we engaged a new volunteer coordinator, expanded pet

2022 was a year filled with projects and initiatives that served employees, residents and their families, and community,

The St. Camillus Co-op served more than 140 shoppers in the first 4 months.

"Good weather, good friends, and helping seniors to maintain their yards - what an experience!"

— St. Camillus Serves Volunteer

“There are so many options to volunteer to help my fellow employees or the community!”

– St. Camillus Serves Volunteer

105 visits with our seniors in November marked Wisconsin's Reducing Social Isolation and Loneliness week.

147 children's wish lists were fulfilled during our 2nd Annual Gifts from the Heart Toy Drive.

therapy, and partnered with students from Wisconsin Lutheran College. Additionally, we hosted our Volunteer Appreciation Lunch honoring our volunteers of the year.

- 100 Visits Project marked Wisconsin's Reducing Social Isolation and Loneliness Awareness Week. Numerous volunteers made 105 visits with our seniors.

Service to the community

- Mother of Perpetual Help Parish in West Allis: Our campus priests support the parishioners by presiding over Mass, hearing confessions, and providing sacraments. Further, St. Camillus Serves provided senior focused educational sessions and hosted a “Celebrate Seniors” lunch at the parish.
- Hunger Taskforce: Teams assembled Senior Stock Boxes for low income seniors in Milwaukee.
- Eras Senior Network: Teams participated in fall clean up for seniors in need.
- Kathy's House: We hosted our annual Paper Drive and provided lunches and notes of encouragement to the guests staying in Kathy's House.

We are excited to continue to live our mission at St. Camillus and working together to serve even more people in the future.

LAY CAMILLIAN FAMILY

The Lay Camillian Family is just one of the many volunteer opportunities available to our residents. The origin of this international organization dates back to St. Camillus himself when he invited lay people to join his ministry of serving the aging and sick. With thousands of members throughout the world, the Lay Camillian Family is a vibrant community.

St. Camillus Lay Camillian Family members reside both on and off our campus and membership consists of both praying and active members. Monthly meetings include a program and discussion topic as well as an opportunity to discern volunteer and outreach events. Volunteer opportunities on campus include prayer chain membership, distributing communion and visiting with apartment-bound residents, assisting residents with transportation to and from masses, and washing and pressing the linens used in our three chapels. Other popular spiritual programs that benefit our residents include creating a Lenten calendar and the Advent Secret Prayer Partner program.

Outreach is a pillar of the Lay Camillian Family as well. Greeting cards are delivered monthly to our Assisted Living and Memory Care residents and the Lay Camillian Family is a regular contributor to our campus Co-op Food Pantry. The Lay Camillian Family also partnered with our Pastoral Care team and was instrumental in the addition of St. Camillus statues in our chapels.

There are over 35 members of the Lay Camillian Family.

The origin of this international organization dates back to St. Camillus himself.

“To serve the poor and the sick with respect because it is in serving them we serve Christ...”

The funds will be instrumental in advancing the mission of St. Camillus through our Revitalize Wellness Center and St. Camillus Serves programming by enhancing services and improving facilities.

CADIS USA provided emergency relief in the earthquake-affected zone of Haiti.

CADIS USA has a presence in Poland providing relief efforts supporting Ukraine refugees.

The goal of CADIS USA is to serve the medical, pastoral, and humanitarian needs of people affected by man-made and natural disasters - regardless of race, religion, or ethnicity.

CADIS USA

CADIS USA is a Catholic disaster relief organization operating under the direction of the Order of St. Camillus Foundation. We are part of an international relief network as a ministry of the Ministers of the Infirm, known throughout the world as Camillians.

In 2001, the Order recognized the need to establish an international disaster relief effort with a mission: "To witness to the merciful love of Christ for the poor and the sick in word, deed, and sacrament, through serving the medical, pastoral, and humanitarian needs of people affected by man-made and natural disasters - regardless of race, religion, or ethnicity."

CADIS USA provides medical and surgical care, food and clothing, prayers, counseling, and the sacraments (particularly the Eucharist) for people after man-made tragedies (such as refugee and internal displacement camps, slums, and areas of armed conflict), and natural disasters (earthquakes, hurricanes, and tsunamis).

CADIS USA is composed of laymen and women, priests, sisters, and brothers who are committed to living their faith as doctors, nurses, counselors, and support staff.

ORDER OF ST. CAMILLUS HERITAGE SOCIETY

The Order of St. Camillus Heritage Society recognizes and thanks donors who have included a gift to the Order of St. Camillus Foundation in their will, trust, or estate plans.

Heritage Society gifts vary in size and type. We have over 200 such gifts represented in the Society. Several are from donors still living and many are being honored in perpetuity.

Here are a few examples of our current legacy gifts:

- Simple Wills
- Revocable Living Trusts
- Charitable Gift Annuities
- Charitable Remainder Trusts
- St. Camillus Foundation being named a beneficiary of a Life Insurance policy
- Annuities, IRAs, charitable lead trusts, bonds, CDs, real estate, and automobiles
- Residents donating an amount or percentage of their Entrance Fee/Room Deposit

Because we rely so heavily on this generous support, we are actively seeking new planned gifts from friends like you. Please prayerfully consider including a gift in your estate plans to support our mission at St. Camillus. Please let us know if you already have included a gift for St. Camillus in your will, trust, or estate plan.
