ASSUMPTION COLLEGE

Dear Parents/Carers of Year 7 and 8 students,

SUPERVISION FOR Year 7 and 8 STUDENTS WITH ALL PARENTS/CARERS WORKING IN ESSENTIAL SERVICES

We are very conscious that a number of you with younger students may have been caught short in preparing childcare for the coming four days, especially if all adults in the home are working in Essential Services.

Assumption College is pleased this week to offer supervision of junior students for those families in this situation under the following conditions:

- A conversation occurs with our designated staff member about your family's situation regarding supervision this week.
- That you can get students to/from school (although we can run bus services where there is need – please discuss this when you call).
- Students would wear casual clothes and bring school-work, games, reading etc to occupy themselves for the day.
- Students would bring their food/drink for the day.

We would offer a supervised space, ensuring distancing measures as best possible. This service is only in place until this coming Friday. We will reconsider the possibilities for Term 2 closer to that time.

If all the adults in your house work day-shifts in designated Essential Services and you would like to discuss the option of your child attending the school for the coming four days, please contact Mrs Angie Dalglish on 57835183 or angie.dalglish@assumption.vic.edu.au by 5.30 pm this afternoon.

Kind regards,

Kate Fogarty
Principal
