

26 March, 2020.

Dear Parents & Carers of Year 7 2021,

Greetings to you all, and warm blessings to your families in these difficult times. I hope that you are all well, and that even in the midst of this turmoil, your Grade 6 child is experiencing some degree of excitement about their move to secondary schooling at Assumption College. We're certainly still in preparation mode for their transition, and looking forward to getting to know you all over the coming months (even if it has to happen online!)

Important Update about College fees

I wanted to provide you with an update on our approach to school fees.

Firstly, I am aware that many parents will have lost significant employment or business income due to coronavirus. The school's immediate priority is to provide as much stability as possible for your child and with this in mind we are committed to providing fast, flexible and confidential financial assistance to assist you. You are hopefully aware that the first set of invoices for Year 7 begin in October. If you are feeling nervous about this, please read on.

Our Finance Department staff have prepared a streamlined financial assistance process that includes a staged process of assistance. For example, we have put in place a simple application process for those who have been directly impacted, so that they might defer their fee payments for a month while they assess their finances. We also have capacity, subject to our internal assessment criteria, to further extend payment plans – this can be managed on a case by case basis.

Let me be absolutely clear: our position as a Catholic school, and as a Marist school, is that no child will be denied ongoing enrolment due to inability to pay. We extend this reassurance to yourselves, as having accepted your place at the College, we already consider you part of our community.

Please contact the College Finance Team (accounts@assumption.vic.edu.au) should you need to discuss your individual situation and the measures I have mentioned above. We appreciate that this will feel uncomfortable for some, but urge you to make contact relatively quickly, so that we can support and reassure you, and your child, as soon as possible. The discussion will also assist with our financial modeling going forward.

Like you, we are attempting to manage this new reality as quickly and effectively as possible, without knowing what the future holds. We encourage families to access all the supports available to you, and seek to be part of this network of support for you. The Federal Government has provided some practical new advice for those who have been adversely affected by this crisis, which I have provided

for you on the next page. It confirms who to contact for support to your businesses, as well as how to seek additional supports for your family.

If there is anything else that the College can be of assistance to you, please don't hesitate to contact us. Our office will be running with reduced staff during the holiday weeks, but there will still be someone on hand to assist you.

Kind regards,

Kate Fogarty
Principal
