Professional Experience

Summer Industrial Design Intern, **Pensa**

Summer 2019 | Brooklyn, NY 11201

As a summer intern at *Pensa*, I worked on a number of challenging and high-profile projects as a full member of the design team. Clients Include: *Bayer*, *Pepsi*, and *Zero Haliburton*.

Co-founder & Lead Designer, **Grpvyn**

2018 - 2019 | Brooklyn, NY 11238

Grpvyn is a suite of digital tools that empower local businesses with actionable data, graph theory, and network effects. I managed in-house and remote teams, created all digital, physical, and logic systems, oversaw testing and strategy, and undertook a multitude of leadership roles.

Industrial & Service Designer, **freelance**

2016 - 2019 | Brooklyn, NY 11216

For three years I operated a freelance design agency working for equity stake in startups, in addition to larger profile companies. Notable clients include a high profile Silicon Valley stealth bio-tech startup, emerging players in VR technology, *Hamilton Beach*, and *Chefman*.

Industrial & Service Designer on Sponsored Projects, **HP + Disney + SKAGEN** via **SCADPro**

2014 - 2017 | Savannah, GA 31401

While at SCAD I worked in industrial design and strategy roles on several sponsored projects; designing the future of smart wearables for the danish brand *SKAGEN*, as well as creating a brand synergy between *HP* and *Disney* using augmented reality.

Design & Engineering Internships x 2, **Hardwire Armor Systems + Moore Boat**

2012 - 2016 | Ocean City, MD 21842

For many years I worked summer internships at two military contractors. Declassified projects include creating school shooting protection systems such as bulletproof door coverings and whiteboards, testing the effectiveness of Humvees, and building experimental watercraft.

Education & Expertise

B.F.A Industrial Design, **Savannah College of Art & Design**

2013 - 2017 | Magna Cum Laude with achievement honors

Soft Skills

What helps me navigate high pressure environments, create creative cultures, and promote teamwork.

- Focus on structured critique
- Creative leadership strategies
- Time management and task delegation
- Experienced project management skillset

Technical Proficiencies

What tools am I most comfortable using to express design intent and build physical and digital products.

- Quick, accurate sketching
- CAD modeling via *Solidworks / Rhino*
- Product rendering via *Keyshot*
- Logic and experience mapping via *Miro*
- Visual design via *Illustrator / Photoshop*
- UI/UX Prototyping via *Figma*

More Details About Me

My personal projects won 14 design awards in 2017 and have been featured in over 250 online and print articles.

I am a semi-professional travel photographer

I've hitchhiked on an icebreaker to Antarctica, driven from London to Mongolia, lived with remote Nepalese villagers, and more. Travel has made me very aware of the effect we have on the environment, and it's my long term aim to create true sustainable solutions that can leave the world a better place for being a part of it.
