

# REMOTE “ACCESS IN A BOX”

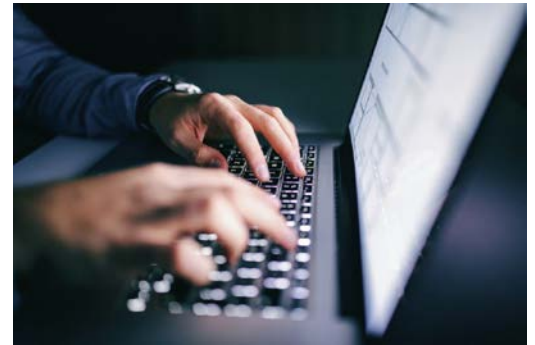

DESKTOP  
•  
SERVICES

## WCA’s Approach to Providing “Remote Access in a Box”:

Now more than ever it is crucial for remote access due to COVID-19 and how it is affecting the workplace. Remote access enables employees to access the systems they need when working remotely.

### Key Points for Remote Access:

1. Rapid development
2. No client software to install
3. Windows Desktop & Applications
4. On-Premise or Cloud Options
5. Rapidly scalable
