More than ever with COVID-19, employees are having to work remotely. Although many employees may have worked from home from time, we have never seen a situation that calls for entire businesses to work remotely. Come listen to seven solutions WCA offers that can help you transition your employees to working from home, as well as an open discussion on the problems your colleagues are facing and what steps they are doing to solve these problems!

7 ways WCA can help you transition your employees
to working at home:

1. Is your help desk overwhelmed with calls? Learn how WCA can help.
   - Remote Desktop via MS

2. How can the Cloud solve my current problems?
   - DaaS Demo
   - BaaS (backing up remote Users)
   - Office 365 Backup / Implementation

3. Interested in WCA's easy to implement and use work from home "Remote Access in a Box"?
   - RDS with HTML5
   - RDS with IaaS

4. Open discussion with colleagues of the problems you are facing and the solutions that some are implementing and ideas that can help during this transition

5. Questions / Answers
