

Our Complaints Policy

We value complaints.

We aim to behave in a way that does not cause complaints. However, we have a complaints policy and internal complaints process to ensure the efficient and effective handling of client complaints. We want to demonstrate our commitment to providing and improving a high-quality service to our clients. We see complaints as an important part of our client feedback and business improvement process.

A complaint is “an expression of dissatisfaction made to you or to a person engaged by you, relating to your financial advice service (including any regulated financial advice given to a retail client by you or on your behalf), or the complaints handling process itself, where a response or resolution is explicitly or implicitly expected. A complaint includes a complaint about a failure to provide a service or give advice”.

All staff are responsible for identifying and responding to complaints in the first instance and directing clients to our internal complaints process if the complaint cannot be resolved.

We record all complaints in our complaint register so that we can learn from these client experiences and improve our business.

We will:

- deal with complaints in a fair and transparent manner
- treat complaints with priority and give a timely response
- be fair and act with integrity
- take a genuine, fresh look at the issues raised and not be defensive
- try to see things from the client’s perspective, to understand and address why they think we were wrong
- acknowledge our mistakes and put them right if we can
- manage complaints using a defined and agreed process
- make sure clients know how our complaints process works, are clear which stage of it they have reached and what will happen next
- train our staff to apply the policy and processes for complaints resolution
