Introduction
Regulation 191/11: Integrated Accessibility Standards under the Accessibility for Ontarians with Disabilities Act, 2005 requires organizations to create multi-year accessibility plans, update them at least once every five years and post them on their websites if they have one. An accessibility plan outlines what steps an organization will take to prevent and remove barriers to accessibility and when it will do so.

Canada Basketball is committed to achieving full compliance with the Integrated Accessibility Standards Regulation (IASR) Policy under the Accessibility for Ontarians with Disabilities Act, 2005 (AODA). This Multi-Year Accessibility plan outlines our commitment, policies, achievements, and ongoing actions to enhance opportunities for people with disabilities.
