Mayor Dodson opened the meeting up asking if any council members have any question regarding anything on the agenda.

Sonya Copeland asked if she could ask a question regarding the financial reports from last month if the clerk had asked the auditor how to correct said clerical error, (the date on the report) Clerk made Ms. Copeland aware that per the auditor stated to have myself and the mayor correct the dates and sign both our names on the reconciliation.

Ms. Copeland proceed to ask another question regarding the finical reports wanting to know why the council is reapproving the financials from last month because she has the same financial report as last month. Clerk made Ms. Copeland aware that due to correction of the clerical error that is why the last month reconciliation is on this month.

Ms. Copeland made the council aware that there are a lot of discrepancies of the financials from last year and she has contacted the State of Alabama auditor's office to have them help her figure this out. Discussion follows.

Ms. Adams requested for Ms. Copeland to provide copies to the council of the discrepancies.
