

BLAIR K. WOOD, D.D.S.

21921 Three Notch Road
Lexington Park, MD 20653

(301) 863-7067

October 7, 2019

To the patients, friends and colleagues of Dr. Blair K. Wood:

Due to health reasons, Dr. Wood has decided to merge his practice with Drs. Seisman and Christie of Three Notch Dental. Dr. Wood and Dr. Seisman have maintained a close working and personal relationship over the past four years and feels he is best suited to continue the quality care that he strives to achieve. While Dr. Wood had been considering a merger for some time, he feels that merging practices will allow him to focus on his health and on patient care when he is able to return.

The long-time staff members from Dr. Wood's office have been able to maintain dental services with the help of Dr. Seisman and others while Dr. Wood recovers. The merger will officially begin on Monday, October 14, though many patients have already met with Dr. Seisman on an emergency basis. Dr. Wood made arrangements with Dr. Seisman to have Anne Galgano and Bonnie Ridgell join his practice. It is our goal to have all existing dental appointments at Dr. Wood's practice continue on the same date and same time with Dr. Seisman. Three Notch Dental is located at 23192 Three Notch Road, California, MD 20619 across from the Harris Teeter. You may continue to call 301-863-7067 or use Dr. Seisman's office number at 301-862-2231. We are working to make this transition as seamless as possible to avoid any inconvenience.

Dr. John Seisman grew up in Annapolis, Maryland and has been living in southern Maryland after completing school and residency. He earned his Bachelor of Science in Neurobiology and Physiology from the University of Maryland at College Park. He went on to receive a Doctor of Dental Surgery degree from the University of Maryland, Baltimore College of Dental Surgery. Dr. Seisman was the sole member of his graduating class selected to participate in a clerkship focusing on Advanced Fixed Prosthodontics. He has been awarded the Southeastern Academy of Prosthodontics award for Excellence in Prosthodontics, the Harry B. Schwartz Memorial Award for Excellence in Fixed Prosthodontics, and was selected to be a member of the American Prosthodontic Foundation Scholar's Program. He was inducted into Gorgas Odontological Honorary Society and the Gamma Pi Delta Prosthodontic Honor Society. Dr. Seisman completed an Advanced Education in General Dentistry residency at Virginia Commonwealth University which focused on treatment planning and care of patients with complex dental needs, including fixed and removable implant prosthetics. Dr. Seisman has practiced in southern Maryland for the last six years. He is committed to learning advanced and up to date techniques to ensure the best outcomes for his patients. He has committed hundreds of hours of continuing education for implant placement and restoration, orthodontics and sedation methods. Dr. Seisman is an Invisalign certified provider and a member of the Dental Organization for Conscious Sedation. He has a passion for oral surgery and implant placement. Outside of the office, Dr. Seisman recently welcomed a baby boy (and future dentist) into the world. He enjoys spending time with friends and family, working on his 1998 Jeep Wrangler and cheering on his Maryland Terrapins.

We look forward to speaking with you personally at your next appointment and update you on Dr. Wood and our new practice. Please keep Dr. Wood in your thoughts and prayers.

With Sincere Appreciation from the Staff of Dr. Blair Wood,

Anne Galgano, RDH

Bonnie Ridgell, Office Manager
