PURPOSE

- **Approval of Rate of Pay for Mary Ann Wallace/Temporary Deputy Clerk**

MOTION

Motion by Young; supported by Jarvis to approve pay for Mary Ann Wallace of \$15.00 per hour.

- **Road Work Session**

The board discussed Cedar Creek infrastructure and several different ways to approach fixing our roads. Kim suggested we form a committee to help look at various approaches to fixing our roads such as considering a millage, or just looking at the roads as a whole and prioritizing which are the worst and work from there. Kim also suggested we get a 30-year road maintenance plan from MCRC engineers to help us with this process.

The MCRC just repaired a ½ mile stretch on the worst road in the township (Tyler Rd) the cost on that road alone was \$226,451.00 our share would have been 50%. Mr. Hulka informed Linda that they put a new experimental material down at no cost to the Township. Linda will talk to Ken to see what their plan is for the rest of road. Dalson Road has been a real issue for the Township, it is shared with Dalton Township. We will be working on that road and how best to correct the problems with it.

We have already approved the chip seal on Tyler Rd off of Dalson and on Crocker Rd; all costs to be paid by the township. Both these roads have special assessments on them.

During the road discussion we also discussed cell phone service, Linda will get in touch with Chief Glotzbach as he is part of the 911 restructure and see if there are any plans for cell towers going up in our area.
