

COVID-19 RESPONSE

Bobby Jones Links' continues to closely monitor the Centers for Disease Control and Prevention (CDC) and World Health Organization's (WHO) guidance related to the coronavirus (COVID-19). The health and safety of our associates, members, guests, and all who visit the clubs, courses, and communities that we provide services to is our first priority.

In partnership with our facility leaders, our Support Center leadership is actively managing the unique circumstances at each of our properties and have the full support of our Support Center. We hold high standards for the cleanliness and sanitation of our facilities and have increased our efforts and are continually evaluating and adjusting our practices in accordance with the latest guidance from relevant federal, state, and local health authorities and medical professionals.

This is a fluid situation and we appreciate the collective efforts of our associates, members, and guests as we navigate this unprecedented time. In moments of rapid change, our commitment to **MAKE A DIFFERENCE** remains the same.
