Pomegranate Cream Mask	8560P	200 ml

FACIAL CREAM MASKS is the range of ready-to-use active substance masks from JANSSEN COSMETICS for professional application in the beauty salon. The creamy masks offer a particularly rich texture and can be easily distributed over the face, neck and neckline using a mask brush.

The pleasantly fragranced masks immediately develop their effect and convince with the power of their contents. Specific treatment focuses such as e.g. anti-aging, skin soothing or vitalization lead to noticeable improvement of the skin with each application.

Quite incidentally, the diversity of these masks offers a wonderful variation in the range of professional treatments and provides constantly new impressions in the beauty salon.

Professional application of FACIAL CREAM MASKS

FACIAL CREAM MASKS are even more effective when they are used in combination with an ampoule preparation from the AMPOULES series. The classic facial treatment becomes particularly varied and is transformed into a solution-oriented power program for all skin types.

FACIAL CREAM MASKS

PROF.
200 ml
Ref.
8500P

- **Intensive care mask**
- **Promotes the skin's repair mechanism**
- **Keeps the skin young and beautiful for longer**
- **Offers protection against free radicals**
- **Leaves the facial characteristics looking supple and smooth**
- **Moisturizing and moisture retaining**

Age Defying Cream Mask

CREAM PACK FOR DEMANDING SKIN

40 years old but with the appearance of a 30-year old? No problem with good care and the new strategy to combat premature skin aging! The secret lies in extending the lifetime of the cells.

Age Defying Cream Mask cares for the skin and offers effective protection at the point at which skin aging begins. Highly-active peptides stimulate the production of repair enzymes in the skin. In this way, the skin is better protected against external influences such as e.g. oxidation and UV radiation. These cause less damage to the cells' genetic make-up. The cells remain vital and demonstrate this by living longer.

Age Defying Cream Mask maintains the youthfulness of demanding skin and cares for it, leaving the skin looking more beautiful.

Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

Tip: Also ideal for treating the backs of the hands.

ACTIVE SUBSTANCES

- **RSL:** Repair-stimulating lipids; antioxidant protection; optimization of mitochondrial activity; extend the lifetime of the cells, promote tissue density
- **Rice extract:** Activates the excretion of sirtuin in the skin. Sirtuins, also called longevity proteins, help to repair cell damage, strengthen the cells' defenses and increase their life span
- **Isostearyl-isostearate:** Shortened to ISIS; emollient based on replenishable raw plant materials; improves the cohesion of the lipids in the Stratum corneum and reduces the skin's trans-epidermal moisture loss
- **Bisabolol:** Aqueous extract of the chamomile, soothes the skin, alleviates redness and itching
- **Glycerin:** Trivalent alcohol, constituent of plant lipids, moisture-binding, reduces trans-epidermal moisture loss from horny skin

FACIAL CREAM MASKS

PROF.
200 ml
Ref.
8510P

- **Intensive care mask**
- **The formation of new collagen fibers is promoted**
- **Moisturizing and moisture retaining**
- **Inhibition of destructive, harmful enzymes**
- **Fortifies the skin's native resilience**
- **Visible improvement of the skin structure**
- **Improvement in the skin tissue's resilience, elasticity and suppleness**

Lift Contour Cream Mask

CREAM PACK FOR SKIN REGENERATION

Firm and lifted facial contours lend a face a youthful radiance.

Unfortunately, destructive enzymes (so-called collagenases) weaken the skin's connective tissue over time. They destroy the collagen network and cause the skin's firmness to decline. This is revealed e.g. by the cheek area's sagging.

Lift Contour Cream Mask remodels skin which is in need of regeneration and firms it from its depths. The skin is helped at the point at which aging begins. This effect is controlled by elastin-stimulating peptides and has been scientifically proved*.

Lift Contour Cream Mask reduces cheek sagging and leaves mature skin looking considerably younger.

Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

Tip: Also ideal for treating the backs of the hands.

ACTIVE SUBSTANCES

- **ESP:** Elastin-stimulating peptides; these stimulate elastin synthesis in the fibroblasts, firm the connective tissue structure and lift the facial contours
- **Isostearyl-isostearate:** Shortened to ISIS; emollient based on replenishable raw plant materials; improves the cohesion of the lipids in the Stratum corneum and reduces the skin's trans-epidermal moisture loss
- **Bisabolol:** Aqueous extract of the chamomile, soothes the skin, alleviates redness and itching
- **Glycerin:** Trivalent alcohol, constituent of plant lipids, moisture-binding, reduces trans-epidermal moisture loss from horny skin

ESP

* Scientific studies on the effect of **ESP** (elastin-stimulating peptides)

1. Increase in elastin synthesis: + 15% (in vitro study)
2. Promotion of elastic fiber anchoring: 94% (in vitro study)
3. Increase in skin elasticity: 14% nach 2 Monaten (klinische study)
4. Lifting of the facial characteristics (sagging cheeks): 11,3% after 2 months (clinical study)
5. Self-assessment:

26 female volunteers with visibly sagging skin tested a cream containing 4% ESP for 2 months in the morning and evening. Volunteers' self-assessment:

Remodeled face: 80%

Less slack tissue: 64%

Lifted facial characteristics: 62%

FACIAL CREAM MASKS

PROF.
200 ml
Ref.
8520P

- **Intensive care mask**
- **Alleviates redness and irritation**
- **Increases the hydrolipidic barrier's protection and buildup**
- **Perfect for sensitive skin**
- **Particularly well-tolerated by the skin**
- **Improves the suppleness of sensitive skin**
- **Cares for brittle, irritated skin, leaving it soft and smooth**
- **Increases the skin's native resilience**
- **Moisturizing and moisture retaining**

☰ Sensitive Face Mask

CREAM PACK FOR SENSITIVE SKIN

People with sensitive skin increasingly complain of irritated skin which becomes reddened and itches. Often, a weakened barrier layer is responsible for the fact that the skin's native protection is no longer sufficient and overreacts slightly e.g. when it comes into contact with common environmental irritants.

Sensitive Cream Mask is an intensive and skin-calming care mask for fortifying sensitive skin. It ensures better cohesion of the upper cell layers and promotes the skin's natural protective function. Additional care substances which offer an alleviating effect provide rapid help in the event of irritation and reduce e.g. redness and feelings of tension.

Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

Tip: Also ideal for treating the backs of the hands.

ACTIVE SUBSTANCES

- **Isostearyl-isostearate:** Shortened to ISIS; emollient based on replenishable raw plant materials; improves the cohesion of the lipids in the Stratum corneum and reduces the skin's trans-epidermal moisture loss
- **Skin Defense Complex:** Active substance complex consisting of *Cardiospermum halicacabum* (balloon vine which grows in the tropics), *Echium plantagineum* (echium seed oil) and the unsaponifiable constituents of sunflower oil), verifiably improves the structure of sensitive skin, reduces skin redness, fortifies the hydrolipidic barrier, makes the skin more resilient towards irritation
- **Sensitive complex:** Highly-active plant extract consisting of Asiatic marsh pennywort, escin (from horse chestnuts), butcher's broom, calendula, ammonium glycyrrhizic acid (from liquorice roots); soothes reddened, irritated skin
- **Bisabolol:** Aqueous extract of the chamomile, soothes the skin, alleviates redness and itching
- **Glycerin:** Trivalent alcohol, constituent of plant lipids, moisture-binding, reduces trans-epidermal moisture loss from horny skin

PROF.
200 ml
Ref.
8530P

- **Intensive care mask**
- **Vitalizes and refreshes all skin types**
- **For smooth facial characteristics**
- **Reduces creases caused by dryness**
- **Moisturizing and moisture retaining**

☰ Moor Cream Mask

CREAM PACK FOR ALL SKIN TYPES

Everyone knows that stress factors and social drugs such as e.g. alcohol and tobacco harm the cardiovascular system. However, very few people give serious thought to their effects on the skin. Stress causes circulatory disorders and weakens the immune system. The results are pale skin and tired facial characteristics.

Moor Cream Mask is the cream pack with a vitalizing effect. The valuable constituents of high moor peat noticeably revive the complexion. The pleasant, balsamic fragrance of dwarf pine supports the effect of improves capillary circulation and enhances the vitalizing effect in the skin.

The skin appears more recuperated and fresh after each application.

Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

***Tip:** Also ideal for treating the backs of the hands.*

ACTIVE SUBSTANCES

- **Isostearyl-isostearate:** Shortened to ISIS; emollient based on replenishable raw plant materials; improves the cohesion of the lipids in the Stratum corneum and reduces the skin's trans-epidermal moisture loss
- **High moor peat:** Valuable natural raw material consisting of humified plant residues; particularly rich in humic acid; vitalizing and skin-clarifying; refines the skin's surface profile, smoothes and regulates the skin structure
- **Allantoin:** Alleviates irritation, improves the properties of the cells and smoothes rough, brittle skin; improves the skin's ability to retain moisture
- **Glycerin:** Trivalent alcohol, constituent of plant lipids, moisture-binding, reduces trans-epidermal moisture loss from horny skin

Fruit Peel Cream Mask

CREAM PACK FOR OILY SKIN

Clear, strong skin is smooth, pure and beautiful.

If a fresh appearance is lacking, the skin is rather more patchy and tends to reveal blemishes, uneven hornification is often the cause.

Fruit acids can help here. These verifiably act like a chemical peeling on the skin. The uppermost horny layer, consisting of dead skin cells, is softened and gently removed. Freshly formed cells appear more quickly on the surface of the skin and immediately ensure a fresher appearance.

Fruit Peel Cream Mask refines the surface of the skin with an exotic mixture of fruit. The slightly acidic pH value (pH 4) inhibits the tendency towards blemishes and inflammation with optimal skin tolerability.

ACTIVE SUBSTANCES

- **AHA:** Obtained from passion fruits, lemons, pineapples and grapes, alpha hydroxy acid removes dead skin cells, stimulates skin renewal and smoothes the surface of the skin
- **Isostearyl-isostearate:** Shortened to ISIS; emollient based on replenishable raw plant materials; improves the cohesion of the lipids in the Stratum corneum and reduces the skin's trans-epidermal moisture loss
- **Saccharide isomerate:** Moisture retention substance obtained from natural sugars; is firmly bound to the skin's keratin and leads to optimal skin moisturization thanks to its very good moisture-binding capacity
- **Bisabolol:** Aqueous extract of chamomile, alleviates redness and pruritus

- **Intensive care mask**
- **Dissolves dead skin cells**
- **Promotes a fresh appearance**
- **For more even skin**
- **Prevents blemishes such as e.g. blackheads**
- **Moisturizing and moisture retaining**
- **Lends the skin a silky-matte, even appearance**

Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

Tip: Also ideal for treating the backs of the hands.

Note: Ensure adequate UV protection following each AHA treatment and apply Face Guard Advanced (SPF 30) prior to concluding care.

Prevent Fruit Peel Cream Mask from getting into the eyes and avoid contact with mucous membranes.

PROF.
200 ml
Ref.
8550P

- **Intensively moisturizing**
- **Smooths fine wrinkles caused by dryness**
- **Noticeably refreshes and revives**
- **Active cell protection**

Application

Distribute FACIAL CREAM MASK over the area of skin to be treated following skin cleansing and after applying a serum, and allow it to work in for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

***Tip:** Also ideal for treating the backs of the hands.*

***Tip:** Drinking even half a liter of water improves the skin's circulation and activates its metabolism. Just ten minutes after drinking, the skin's circulation is improved and more oxygen is supplied. In the long-term, this internal vitalization effect is revealed by the skin's fresher appearance.*

White Tea Moisture Mask

GEL MASK FOR DRY, MOISTURE-DEFICIENT SKIN

A walk in the rain makes you beautiful and the babble of flowing water relaxes. Everyone is familiar with the reviving and refreshing effect of water.

Moisture and cooling are always a welcome refreshment for the skin as well!

Neither is a problem for White Tea Moisture Mask! This cooling gel mask is a moisturizer with long-term effect. The skin's moisture balance is noticeably optimized and maintained for a number of hours. Plant-based moisturizers ensure fresher skin and smooth wrinkles caused by dryness.

The white tea extract not only supplies additional moisture but also stimulates the skin's microcirculation at the same time. The polyphenol content reduces the occurrence of free radicals and protects dry and environmentally-stressed skin against cell damage.

ACTIVE SUBSTANCES

- **Camellia sinensis:** Natural extract from white tea buds, rich in polyphenols and highly-effective against free radicals
- **Sorbitol:** Sugar alcohol, occurs in numerous fruits (e.g. apples, plums, cherries); hydrophilic, ideal skin care and moisture retention agent
- **Imperata cylindrica:** Root extract from the desert plant Imperata cylindrica; native to Asia and Australia, it is able to survive even in extremely dry conditions; rich in potassium, moisturizing and moisture-binding

PROF.
200 ml
Ref.
8560P

- **Makes skin look fresh and revitalized**
- **Intensively moisturizing**
- **Smoothens fine wrinkles caused by dryness**
- **Maintains the skin's elasticity and firmness**

Application

After cleansing the skin and the application of a serum, distribute Pomegranate Cream Mask on the area of the skin to be treated and leave it to work for up to 20 minutes. Remove the mask residues with warm compresses. Then apply a care cream corresponding to the skin type.

☰ Pomegranate Cream Mask

REFRESHING CREAM PACK FOR ALL SKIN TYPES. TURNS TIRED-LOOKING SKIN INTO A RADIANT, BEAUTIFUL COMPLEXION

Pomegranate Cream Mask is the optimum instant booster for tired, drawn skin. The secret behind this vitalizing anti-ageing mask is the valuable extract of pomegranate blossom, a powerful exotic fruit that has symbolized life and beauty in many cultures since time immemorial. Together with alpha bisabolol phosphate, it creates an innovative combination of active anti-ageing ingredients that, on the one hand, promote the collagen synthesis and on the other reduce the age-related reduction of collagen fibres.

Collagen makes up around 70-90% of the skin's dry weight and plays a key role in the maintenance of the skin structure. The production of new collagen fibres is therefore essential for young and healthy looking, firm skin.

Pomegranate Cream Mask stimulates the collagen synthesis with a pomegranate blossom extract and vitamin C phosphate. At the same time, it decreases the reduction of collagen that is accelerated by environmental factors such as exposure to UV rays and genetic makeup related processes. It refines the skin's contours, has a revitalizing effect, gives the skin a rosy bloom and results in an even, smooth, radiantly beautiful complexion.

A fresh, floral fragrance and the creamy consistency perfect this vitalizing skin care treat.

ACTIVE SUBSTANCES

- **Pomegranate blossom extract:** Obtained from pomegranate blossoms, improves the skin's density, promotes its collagen synthesis, reduces wrinkles. Pomegranates are a natural anti-ageing remedy
- **Vitamin C phosphate:** Stimulates the synthesis of collagen fibres, improves the skin's smoothness, protects against free radicals, inhibits the production of melanin
- **Alpha bisabolol:** Soothing, reduces redness
