Park Christian School Promotes Growth of the Whole Child

Park Christian's kindergarten program utilizes a variety of special events and activities to promote growth of the whole child including programs, dramatic play, field trips, learning centers and games, library/technology integration, outreach ministry and missions projects, chapel, devotions, scripture memory, physical education, SMART room, art, music, recess, reinforcement opportunities in skill building and practice activities, center play allowing for social development and exploratory learning, to name a few!

We emphasize phonics and give the children the tools they need to unlock reading. We want every child to love learning! We also want every child to have the opportunity to know Jesus Christ personally. It is a privilege to partner with parents in equipping students to think Biblically, live wisely, and serve faithfully.

Park Christian School Enriches Student's Learning Through S.M.A.R.T.

S.M.A.R.T. is a multi-sensory approach to learning, based on brain research. This program develops readiness skills essential to classroom success by stimulating the brain stem to promote richer connections among the neurons.

Once these readiness skills are in place, children have the foundation necessary to succeed in school. The S.M.A.R.T. Program is designed so each child progresses at his or her own rate, enhancing the child's abilities in a positive and playful environment. The S.M.A.R.T. Program is related to the areas of:

- Language Development
- Reading
- Math
- Writing
- Physiological readiness
- Coordination and attention

S.M.A.R.T. = RESULTS

Testimony from Adam & Tara Braunberger

Although our kids are still young in their spiritual walk, the scripture verses they have been learning are becoming talking points for us on the way to school. Our first grader remembers verses her sister is now learning in kindergarten and it gives us a chance to talk about what it means to hide scripture in your heart.

Highlights:

1. Prayer in everything

– Chapel, classrooms, P-T conferences, and staff meetings... It's always present and it is evident PCS wants God's involvement every day in the student's lives and the direction of the school.

2. Knowing the PCS staff loves the Lord as we do and wants the best for our kids.

3. Becoming friends with families who also attend PCS. The relationships being formed as a couple and for our children will be long lasting.

Challenge:

We knew we wanted to be at PCS but were uncertain about the cost and if it was feasible for our family. We prayed about the decision and felt God opened some doors for us specifically to offset the cost. We would recommend talking with the admission staff at PCS. It may be more affordable than what you think with eligible tuition reduction assistance. At PCS, we know that the Christian values we hold dear are upheld and honored.
