

# Are You Experiencing Violence or Abuse?

Our relationships and families should provide us with the things we all need: like love, care, support and safety. But sometimes this is not our experience...

This checklist can help you identify if you are experiencing Violence.

Read the question and put a tick ✓ in the right column if your answer is yes.

Does your partner, your boyfriend or girlfriend, your friend, your carer, or a family member:	Tick for yes ✓
Make you feel scared or unsafe?	
Often put you down or make you feel worthless?	
Constantly check up on what you are doing or where you are going?	
Try to stop you from seeing your friends or family?	
Make you feel afraid to disagree or say 'no' to them?	
Tell you how to spend your money, or stop you having any money for yourself?
