HERE I AM!

EXPERIENCE

This will be my first year of teaching kindergarten and I cannot wait to begin this new adventure. It has always been a dream of mine to teach kindergarten! This will be my seventh year of teaching. I have taught three years in first grade, two in second grade, and in between, a split first and second grade gifted class. I also have experience in Pre-K.

EDUCATION

In 2014, I graduated Summa Cum Laude from Eastern Michigan University. While I was there, I was a double major. I studied Elementary Education as well as Integrated Elementary Science.

I look forward to (hopefully) traveling to France this summer with a group of teachers to learn more about schools in Europe. I am re-learning to read, write, and speak in French.

I look forward to start working towards my masters soon!
