Our Tariff

Sanford T. Colb & Co. is a full-service intellectual property and technology law firm providing services relating to all aspects of intellectual property and technology licensing as well as to venture capital and corporate infrastructure in Israel, the United States and worldwide.

The tariff outlines the principal charges associated with the preparation of patent, design and trademark applications and for a variety of consultation services.

The activities of our office are billed according to the hourly rate of the specific professional engaged, as listed in Part A below. Some of these activities have a basic minimum charge as itemized in Parts B and C. In some cases, an hourly work rate will be added to the basic charge specified in Parts B and C. Specific office expenses are billed as listed in Part D.

- All of our rates are in U.S. Dollars (US\$) and are to be paid according to the currency exchange rate on the actual day of payment.
- All charges listed are exclusive of V.A.T. which is currently 17%.
- Every year on January 1, our office tariff and rates are reviewed.
- In dealing with patents, trademarks and designs, meticulous monitoring and strict schedule adherence are required. In the event of a client-caused delay beyond the strict schedule, additional charges will be incurred.
- Please note that there is a charge for an initial meeting with our professional staff according to the hourly rate listed in Part A.
