S: I'm getting worried

Hi {Lead's First Name} ,

I've tried to reach you a few times, but haven't heard back, which tells me one of three things:

1. You're all set with a policy and I should stop bothering you.

2. You're still interested but haven't had the time to get back to me yet.

3. You've fallen and can't get up. In that case, please let me know and I'll call someone to help.

Please let me know which one, as I'm starting to worry!

Thank you,

{Agent Name}
