

**S: The Purpose of Portal Insurance**

**The Purpose of Portal Insurance**

You may be wondering what our purpose is at Portal Insurance.

It is not to simply sell you an insurance policy.

We could save you \$1000 on your insurance, we do it every day, but it's not our true purpose.

Portal, we have a different objective.

Our purpose is to empower people, and the meaning of this strictly depends on you.

Excellent customer service! Bradley went way out of his way to make sure that we were extremely well taken care of and he made the entire process so easy. Very friendly and helpful. If you have any insurance needs at all I highly recommend going with Bradley. You will not be disappointed!

To some people, saving \$1000 on their insurance might empower them to finally take that much needed beach getaway.

Others might be looking to spend MORE money for better coverages to help them sleep at night.

Then there are those good vibe people just looking for an easy and empowering customer experience.

Regardless of YOUR purpose. OUR purpose is to empower you.
