Megan Uotila  
**Director of Instructional Technology for ClassLink**

As the Southeast based Director of Instructional Technology, Megan supports domestic and international school systems helping to implement the use of technology in classrooms, make technology simple and easy to use, and ultimately to improve learning outcomes and student achievement. In her six years at ClassLink, her success has been driven by consistently sharpening her ability to hear the voice of her customers and identify their unique needs. Megan brings extensive experience acquired over fifteen years in consultative sales, support and customer service. Her unique expertise to align strategies, procedures, and products with organizational goals is supported by her background in behavioral science as a researcher and graduate of the University of California, Irvine. Coming from a family of school district leaders and administrators, K-12 education is a natural fit for Megan in an area where she can add significant value for her customers. Larry Jones

IT Network Administrator for Greeneville City Schools (TN)

Larry Jones is the IT Network Administrator for the Greeneville City Schools, a position he has held for twenty-one years. He served in the United States Marine Corps as an F-4 (Phantom) plane captain (crew chief). He saw his first personal computer while in the Marine Corps and knew that was the career path he wanted to pursue. He has worked in IT for over thirty-six years. Before coming to the Greeneville City Schools, he worked for a variety of system integrators in East Tennessee. The district is considered to be an innovator for Instructional Technology. Greeneville’s IT team has earned numerous national, state, and regional awards for excellence in their technology program. He holds three post-secondary degrees: an A.S. in Computer Science, a B.A. in Religion, and a Master of Divinity degree. He currently also serves as the pastor of Concord Baptist Church in Mohawk, Tennessee, a position he has held for over twenty-six years. He is happily married to Angela (a retired educator). They have one son, Adam. He enjoys all things related to technology.

District Profile

Greeneville City Schools

- Located in East Tennessee
- Annual enrollment of 2,750 students
- 4 elementary, 1 middle, 1 high school
- Total staff: 448
- All students in grades 2-12 have laptops to use in the classroom
- Vision: Learning Without Limits
- #1 Public School District in Tennessee (From Niche 2018 Rankings & Business Insider Magazine)
- Scored in the top 10 districts nationally for its innovative use of technology (Center for Digital Education in 2017)
- Single Sign-On (SSO) and Roster Server users since January 2017
- Currently piloting OneSync, an all-new account provisioning platform
Why are school districts **moving away from in-house systems** to a customizable single sign-on option for students and teachers?

How does this change create **a fast, easy, and sustainable win** for the district while meeting the needs of instruction along the way?

How do factors such as **security, flexibility, and expanding resource libraries** drive districts towards next-gen platforms?
