

**ROSELLE**  
PARK DISTRICT

# Hansen Giving Tree

## DONOR PROGRAM

### Program Overview

The Roselle Park District has installed a 200 leaf Donor Recognition Tree in the lobby of the Clauss Recreation Center in honor of retired Park Board Commissioner, Dave Hansen. Dave sat on the Park Board for 9 years and was a large proponent of contributing to one's community however possible. The tree has cast bronze finished trunk and branches with plated brass leaves.

Each leaf can be engraved to honor those who have generously gifted to the Giving Tree Donor Program. Choose to have your name, family name, and/or a special message engraved on a brass leaf. All leaves will be permanently imprinted and displayed prominently in the lobby to ensure your generosity will be on display for all to see.

Donations received through the program will help fund capital expenditures and improvements at the District. The Giving Tree display will be a long-lasting tribute to the support and generosity of our community.

Brass leaves can be engraved with up to 100 characters including punctuation and spaces using up to four lines (25 characters per line).

**BRASS LEAF: \$120**
