

Learning and Caring Together

Merebrook Infant School
Dulverton Drive, Furzton, Milton Keynes, MK4 1EZ

Communicating with Parents/Carers

We are a paperless school and try very hard to keep parents regularly informed about what's going on at the school. We have a website www.merebrookschool.co.uk and copies of all correspondence sent home to parents can be also found here, as well as information about CHoMS – Champions of Merebrook Infant School (our PTA committee).

We also have a **Mobile App which you can download today**, which is run by the same company who supports us with our website. This can be installed from the Google Play Store or the Apple App Store. This innovative app will send all the essential information straight to your phone or tablet and you'll have access to regularly updated information like important events, term dates, parents' evenings, newsletters etc. You will quickly know about important or urgent messages, e.g. school closures and we will also send you reminders about school events, e.g. your child's class assembly.

To download the app search for **School Jotter** in your app store and enter the school name – Merebrook Infant School.
