

ROSELLE PARK DISTRICT UPDATE

We are happy to announce we are reopening the Clauss Recreation Center (CRC) and the Fitness Center at the Roselle Park District. The staff is very excited to see everyone very soon. The safety of our program patrons, fitness members, and staff is of our utmost importance as we reopen. The Roselle Park District has always been dedicated to offering a healthy way of life for our customers, and through careful planning allowing a safe phased approach, we will begin to reopen our facilities.

As we navigate through the reopening of the Roselle Park District facilities, you can expect some new things during each phase, as we have implemented changes to maintain everyone's health and safety. Our facilities, amenities, and programming will be consistent with governmental orders and guidelines and we will continue to make updates with guidelines which may be revised. We appreciate your continued patronage, help, and understanding as we work through this time together.

Clauss Recreation Center reopening on Monday, June 29 with limited availability.
