Voler Aviation

SERVICES

Nationwide Private Helicopter Charter

Voler Aviation Services was founded in 2014 with the vision and drive to provide private helicopter and jet charter without the stigma attached. Our discrete service and attention to detail make the process of booking an aircraft as expeditious and simple as possible. We are available 24 hours a day to cater for your requirements whether they are for business travel or pleasure.

We have the capability in our fleet to fly anytime of the day and night utilising twin engine aircraft, this also enables us to fly IFR in reduced weather conditions.

We aim to make chartering a helicopter as simple and effortless as possible. Once you send us your departure and destination details our highly organised operations team will coordinate the logistics of your flight, select your aircraft and assign you a highly qualified pilot as well as remain your key contact until you arrive at your final destination.

As helicopters can take-off and land almost anywhere space permits, we'll work with you find the most convenient departure and arrival point for your needs.

You will be kept completely up-to-date leading up to and throughout the period of your charter. Our operations team will liaise directly with yourself, or your office, to ensure all onward arrangements and adjustments are seamless.

Private Aviation Which Works For You

Voler Aviation Services main base is at Cotswold Airport near Cirencester. Cotswold Airport is a fully licensed airport with an impressive 6,561Ft runway which enables a large array of aircraft to operate. Both light business jets such as the Embraer Phenom 300, all the way to the Gulfstream G650ER, are able to operate from the airport.

Onwards transport from the airport is quick and discrete with the aircraft handling area being tucked away from other operators and the public eye.

Sporting Events

Business Travel

Leisure Trips

Wedding Transport

Freight Transport

All operations conducted by Voler Aviation are in accordance with the guidelines of relevant governing bodies and Air Operator Certificate Holders.
