Medical Director, Trauma and Life Support Center  
Critical Care Service Chief  
University of Wisconsin School of Medicine and Public  
Health

# New York State Thoracic Society

The New York State Thoracic Society (NYSTS) is a State Chapter of the American Thoracic Society. Formerly called the New York State Trudeau Society, NYSTS is named after Edward Livingston Trudeau (1845-1915) for whom a lectureship at this annual meeting is named.

The first American Investigator to culture the tubercle bacillus, the causative agent for tuberculosis, he founded Adirondack Cottage Sanitarium at Saranac Lake, NY in 1884 based on his own open air cure of tuberculosis.

## Purposes of Our Society

- To be a society, committed to the highest professional and scientific standards, and dedicated to the collection, interpretation, and dissemination of scientific information concerning all aspects of respiratory disease.
- To participate actively with medical societies and with other official and non-official organizations in this state.
- To improve the teaching of respiratory disease in medical schools. To encourage and support professional and technical education and all aspects of research in the field of respiratory disease.

The Society is overseen by an Executive Committee comprised of its officers and committee members, all of whom conduct ongoing Society business during the year.

## NYSTS 2019-2020 Chapter Officers

**Michael Nead, MD**

President

University of Rochester Medical Center

**Nancy Amoroso, MD**

President-Elect

NYU School of Medicine

**Oleg Epelbaum, MD**

Vice-President

Westchester Medical Center

**Meredith L. Turetz, MD**

Secretary

Weill Cornell Medical College

**Ioana Amzuta, MD**

Treasurer

**Dana Zappetti, MD**

Immediate Past President

## 2020 Annual Scientific Assembly Program Director

**Manoj Mammen, MD, MS**

University of Buffalo
