Experience

COIL-TOP Project

Chicago, IL | UX Designer

Current

- Used Miro to communicate service design to largely a DC / Chicago Team
- Established local development environment early in a 5-week plan facilitate Github with design handoff
- Remained coachable with the project manager while expressing desire to take a leadership role where appropriate
- Tapped experience and past curiosity in city-level civic technology to contribute to a public project that leverages fresh census data

People's Choice Winner - Gudeeds App

Chicago, IL | UX Designer

2021

- Our 9-person UX+Dev team's mobile app for a 3-day competition
- Deployed a unique solution on a single word prompt
- Took Figma as a remote whiteboarding tool for research
- Diplomatically asked questions of the development team under time a constraint
- Collaborated with a national cross-team group that spanned four time zones

Recipe Revolution

Chicago, IL | UX Design Consultant

2020 - 2020

- Improved on initial project state with research and interview planning
- Communicated high volume content in-cloud through state of the art prototype software
- Worked closely with stakeholders to develop deep understanding of business priorities and design delivery
