Position Description:

The Virtual Summer STEM Camp Intern will support the Children's Science Center staff with our virtual summer camps, and report to the Outreach Program Manager. Interns are required to commit to 4 consecutive weeks of camp. Interns will lead camp games and activities, assist in camp preparation, practice classroom behavioral management, and ensure student well-being on a virtual platform. Interns have the opportunity to create their own hands-on STEM activities for students to participate with household supplies for virtual camp.

Qualifications:

- Preferred experience with meeting functions and settings of Zoom
- Ability to communicate clearly and effectively over email and video calls
- Enthusiasm for virtual learning
- Creativity and interest in hands-on science activities
- Demonstrated interest in elementary education, STEM subjects, and/or informal education
- Comfortable interacting with children, parents, and/or caregivers, and general audiences
- Experience working closely with school-aged children
- Ability to maintain safe and positive classroom environment
- Energetic and positive team player
- Must be 16 years or older by start date
- Must complete a minimum of 4 consecutive weeks of camp

About the Summer STEM Camps:
