

To keep everyone safe as we deal with COVID-19, Delta-Therm has made the following changes:

**EFFECTIVE IMMEDIATELY:**

We have reduced staff working from our facilities by allowing our Customer Service, Sales and Marketing personnel to work remotely from home offices. By rotating smaller work groups, we are providing a safer work environment while meeting the needs of our customers.

Until further notice, our standard hours of operation will be Monday – Friday from 7:00AM to 4:00PM Central Standard Time. We continue to ship products from our offices.

Our reduction conforms with Illinois Executive Order #8 Section 12.t. which allows businesses supporting essential services to remain operational. It also complies with Section 13 allowing us to function under Minimum Basic Operations.
