

MAKWA Communications supplies high-end commercial offset, digital and ink-jet printing solutions to a diverse marketplace.

We service our clients through one-on-one transactions or through our web ordering and fulfillment/distribution operations. We produce and distribute a wide variety of materials and messages for our customers and to their customers and field locations as well.

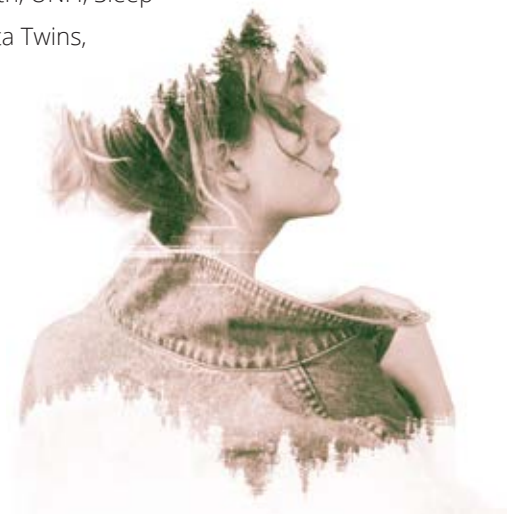

These high quality materials include: identity items, sales literature, brochures, e-books and print books, booklets, training materials, guidebooks, textbooks, reports, catalogs, publications and magazines, flip books, flyers, leaflets, inserts, stuffers as well as our letter-shop services providing static and data-driven variable direct mail, in-store and point-of-purchase displays and graphics all available with on-line ordering and fulfillment portals.

Whether the need is for print-on-demand, warehousing and fulfillment, variable data print (VDP) or any other communication tool required—we can facilitate the request quickly, economically and effectively. Our VDP software solutions and high-end/full-color digital and ink-

jet presses employed at MAKWA Communications give us the ability to produce hyper-creative, high-quality direct marketing pieces and campaigns. Take all these solutions and that means increased ROI for our customers!

MAKWA Communications has the experience, technical infrastructure and team members to do the routine as well as the extraordinary on a daily basis – all with the highest level of customer service and attention to detail and data. We service a wide range of customers, from the solo operation to the largest of organizations. Some of our more recognizable customers include: Emerson, Wurth, UNFI, Sleep Number, The Minnesota Twins, The University of Minnesota, Bite Squad, Geosys, US Foods and many others.

We look forward to the opportunity to be of service to you and your team!
