

# Adjustably Yours™

# Pillow

**MEMORY PILLOWS** that allow the user to create the perfect thickness based on their individual needs and preferences

The Adjustably Yours™ Pillows feature 'higher' and 'lower' sides as well as contour variance for maximum individual support and comfort, regardless of your sleep position.

The pillow's clever design encourages proper alignment of the neck and back.

When side-sleeping, the scalloped under-edges allow shoulder to fit snugly under pillow.

- Adjusts easily to 3", 4", 5", or 6" heights by removing or adding foam inserts.
- Head and neck are cushioned and supported during sleep.
- One pillow suits all.
- Designed to help alleviate and avoid neck and shoulder stress and muscle stiffness in both new and old injuries.
- Pillow's contour may help minimize light snoring by enhancing the airway through encouraging better spinal alignment.
- Open cell foam structure prevents air stagnation in pillow. Channels in surface of pillow encourage air circulation for a cooler, healthier sleep.

## CHOOSE FROM TWO ADJUSTABLY YOURS™ PILLOWS

### **Adjustably Yours™ 4**

A light-density memory pillow with **FOUR** adjustment options.

### **Adjustably Yours™ 7**

A medium-density memory pillow with **SEVEN** adjustment options. This pillow also comes with an extra set of firm inserts so user can not only change the thickness of the pillow, they can change the entire FEEL of the pillow.
