

Beyond the classroom

Holistic **PLUS**

We undertake a unique non-scholastic approach, giving students opportunities to explore, experiment and gain hands-on experience.

OUR DIFFERENTIALS

Global Montessori Plus Programme

Globally awarded pre-school programme that lays strong foundations in early years, by developing multiple faculties of learning

Digital Eco-system

Interactive, tech-based learning modules make students more digital-savvy and foster innovative mindsets

Innovation, Entrepreneurship, STEAM & Robotics

On-ground initiatives help develop creativity, problem-solving abilities, nurture business acumen and future skill-sets

Leadership Programme

Collaboration with the Gavel Club, along with Leadership Lecture Series, nurtures confident public speakers with strong leadership qualities and proficiency in presentations

Global Student Exchange Programme

International exposure via 23 campuses across 7 countries, Inter-campus competitions, e-learning oriented global classrooms

Heartfulness

Learning is enriched, by fostering emotional & social quotient and essential life skills

Early Years Foundation + Future Readiness Global Montessori Plus

Global Montessori Plus is an award-winning foundation years programme that customises the widely-acclaimed Montessori system with the globally accepted best international practices to ensure a smooth transition to formal schooling. The programme has been designed to identify and hone each child's inner potentials while nurturing physical, social, emotional, cognitive and intellectual abilities at an early age.

From role play to real world Explore **PLUS**

Our visually stimulating learning spaces act as a stage for the real world, where students participate in age-appropriate role play scenarios. Dramatic play is a great way of facilitating experiential learning.

6 Skills of Role Play

Speech

Social

Sensorial

Cognitive

Creative

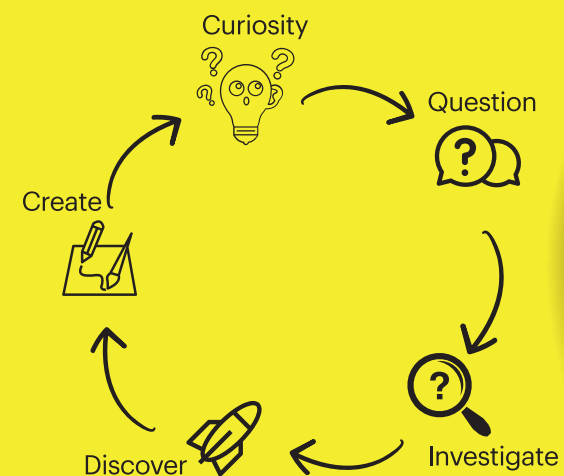

Physical

From curiosity to creativity Investigate **PLUS**

Students take the lead and explore the world through guided investigation and inquiry-focused learning.

5 Pillars of Development Future **PLUS**

Providing an enabling environment, with dramatic play manipulatives to enhance hands on experience.
