# FAQ

**Q. Can I bring my own device?**

No. Students are not allowed to use their personal devices in school. This is to ensure that all students have a uniform learning experience.

**Q. Will my child require an Apple ID to use the device?**

The school provides each student a Managed Apple ID. This Apple ID has school-specific restrictions and is required by some learning apps.

**Q. Can my child download apps and games on the device?**

Only apps approved by the school are allowed to be downloaded by the student.

**Q. Where can I repair my device?**

All device issues and repair must be routed via the Student Service Centre. Our technicians are trained to handle cases specific to GIIS. Approaching 3rd-party repair providers might void your warranty.

**Q. Is my child going to spend an unhealthy amount of time using the device?**

No. Students are expected to use the device only when asked by the teacher to use specified learning apps or conduct academic research.

**Q. How long do I need to wait to collect my device?**

Waiting times are subject to stock availability, supplier lead times and other factors. You will be notified when your device is ready for collection. For further information on expected waiting times, please approach our admissions staff.

**Q. What are the payment options?**

The following payment methods are accepted:

Credit/Debit Card payment

Payment by Cheque

Payment by Bank Transfer
