

Cultivating a love for learning from the very beginning

Discover Global Montessori Plus (GMP),
a holistic preschool experience for your child

Global Montessori Plus (GMP) is a bespoke early years learning programme at GEMS Dubai combining the renowned Montessori method with best practices from contemporary preschool education. GMP celebrates the innate curiosity and creativity of children, recognizing them as active participants in their learning journey. By identifying and respecting the unique strengths, interests, and developmental pace of each child, this pedagogy ensures that education is not a one-size-fits-all endeavour. It is a tailored experience, allowing children to explore their passions and curiosities, while building a strong foundation of knowledge.

Nurturing holistic academic excellence with CBSE

We follow the CBSE curriculum for students of Grade 1-12 that is meticulously designed to cover a wide range of subjects and topics, ensuring that students receive a holistic education that goes beyond textbooks. We bring the best practices of CBSE that opens endless opportunities for students to explore their interests, discover their talents, and develop a well-rounded skill set. Our specialised teachers bring a wealth of knowledge and expertise in their respective fields, making learning not only informative but also inspiring.

The award-winning 9 GEMSTTM

Our holistic learning framework, 9GEMSTTM is the heart of our educational philosophy, focusing on nine essential facets that together form the building blocks of a comprehensive and enriching educational experience. This award-winning framework ensures that our students not only achieve academic excellence but also grow into responsible, confident, and resilient global citizens.

GIIS ProEdge: Skill building with co-curricular learning

ProEdge is a name that perfectly encapsulates the remarkable benefits and advantages our program offers. Designed to give students that extra 'edge', ProEdge integrates a wide range of engaging activities within the regular school hours.

Our early learners benefit from different enriching programmes, while Middle School and High School students are encouraged to actively participate in a wide range of activities related to sustainability, robotics and AI, dance, art, music and more.

GCIE: Fueling innovation and exploration

The Global Centre for Innovation and Entrepreneurship (GCIE) at GIIS Dubai is the hub of creative thinking and exploration. We believe in nurturing innovators and visionaries who will shape the future. Through a range of dynamic programmes, workshops, and projects, GCIE encourages students to explore their passions, develop problem-solving skills, and drive positive change in their communities and beyond.

Our Programmes at GIIIS Dubai

Qutuhah

Qutuhah is the largest inter-school programme on innovation that runs over 65 days. Students take part in weekly challenges and get to explore a wide range of subjects, including Science, Technology, Well-being, Mathematics, Space, Business, Art, and more.

Global Student Exchange Programme

The Global Student Exchange Programme helps our students interact with students of GIIIS and GSF schools worldwide, gaining unparalleled exposure to different curricula, culture and learning programmes.

Startup

Startup is an initiative to incubate innovative business ideas by students and help them with expert advice and investors to get the business on the roll.

GIIS Leadership Lecture Series

These engaging and thought-provoking sessions bring renowned leaders and visionaries from various fields to our campus, providing students with unique world insights, inspiration, and guidance.

GIIS Dubai Radio Programme

From lively discussions on current events to showcasing the artistic talents of our students through music and creative storytelling, our radio programme is a platform for student expression and global connection.

Global Schools Shekhar Ravjiani School of Music

Through a robust joint venture with maestro Shekhar Ravjiani, we have curated and designed a programme to help musically talented students hone their skills. These students are given personal guidance to nurture their creativity across various sub-genres of the music industry.

Makerspace & 3D Designing

Makerspace & 3D Designing offers a complete launch pad for students to get started with their ideas from scratch. Quality Circle processes and efforts are integrated across all the segments in the school.

Quality Circle

Students form into groups to identify, analyse and resolve problems related to their school by applying the tools and techniques of Quality Management.

RISE (Robotics, Innovation, STEAM and Explorational Programme)

A multi award winning holistic learning module for next generation Coders , AI & Robotics Designers, Innovators and Space Explorers.

The GISS transition programme: Navigating smooth academic progression

At GISS Dubai, we place great emphasis in ensuring that our students progress seamlessly as they navigate the various stages of their academic journey. Our carefully designed Transition Programme ensures that students move from one grade level to another with confidence and ease. Whether it's the move from KG to Primary, Primary to Middle, or Middle to Higher Grades, our holistic approach is carefully crafted to help students embrace new challenges, ensuring their sustained success.

Harnessing higher grades for future success

For Grades 11 and 12, we place a strong emphasis on both academic and vocational accomplishments. Our primary objective at this phase is to transform the ambitions and dreams of our students into reality, setting the stage for their future development. Our approach is highly individualised, considering the unique abilities, needs, and aspirations of each student.

University Connect

Our University Connect programme is designed to help students explore a world of opportunities in higher education. With personalised guidance, campus visits, and application support, we turn our students' academic dreams into reality.

Career Guidance

With expert advice, skill assessments, and industry insights, we empower our students to make informed choices and pursue careers that align with their aspirations.

Internship Programmes

Students are given opportunities to work closely with our team of experts, gain practical insights, and contribute to real projects that impact our organisation.

Alumni Meet

By engaging with our alumni, our higher-grade students gain invaluable perspectives, mentorship, and inspiration for their future endeavours. It's a platform to explore career pathways and reinforcing a sense of belonging to a supportive and thriving community.
