ADACEL

For Immediate Release

Adacel is one of Canada's Top 100 Employers

Orlando and Montreal (November 12, 2004) – Adacel Inc. has been selected for the 2005 edition of Canada's Top 100 Employers. This year, over 1,000 employers started the application process, making the Adacel achievement particularly notable. The editorial team from Maclean's Magazine reviewed the recruitment history of over 52,000 employers across Canada -- and more than 6,000 employers across the nation were invited to apply. The resulting list is a group of outstanding employers that lead their industries in attracting and retaining quality employees.

Maclean's, a highly regarded periodical magazine in Canada, will be publishing their Top 100 Employers feature based on this year's competition in their October 4th issue.

About Adacel
Adacel is a leading developer of ATC simulation, speech recognition and control technology, operational air traffic management and software solutions for civil and military aviation.
