

## Tell Congress: Support Bipartisan Efforts to Improve Relief Efforts and Provide Additional Funding

The IRA is working alongside the National Restaurant Association and state restaurant association partners to lobby Congress on much-needed improvements to the loan and relief programs created in the CARES Act.

We need your help to amplify our efforts! Please take a few moments to [email your Representatives and Senators](#) and tell them:

- You support bipartisan efforts to provide additional funding.
- You support Congress taking action to make loan terms and other requirements flexible to reflect the unique operational and business model of restaurants.

Make your voice heard so that restaurants can survive today and once again thrive in the future.

## Social Distancing Guidelines for Restaurants and Third Party Delivery Services

The Illinois Department of Commerce and Economic Opportunity (DCEO) has issued new social distancing guidelines for restaurants and third party delivery services during the COVID-19 crisis.
