## PRESTIGE MOUNTED CANVAS WRAPS and FLAT CANVAS PRESTIGE PRINTS

Our Prestige Canvas Prints are archivally printed on real canvas material (NOT textured paper), with Heirloom Coating to ensure long life without fading or cracking. Stretched canvases are white or any solid color on all sides, with image on the front only. Gallery Wraps have images on all visible surfaces and need no framing.

## PHOTO RESTORATION

All our photo restoration work is done on premises. Nothing is outsourced. All originals are returned in the condition in which they are received. We scan them at very high resolution and work from the scans. Each item is evaluated before any work is done. Our artists will quote the price of each individual job, based upon the amount of time required and the final output size requested. The minimum price for a professional restoration is \$45.00.

## PROFESSIONAL HIGH RESOLUTION SCANNING

All scans are done on premises, and are returned on Archival CDs. Our minimum scan is at 600dpi. This allows printing sizes larger than the original with no quality loss. Higher or lower resolution can be provided by request.

Flat art up to and including 8"x10" (1 item ordered)	\$5.00
Flat art up to and including 8"x10" (multiple scans, each)	\$4.00
Flat art up to 11"x14"	\$10.00
Flat art up to 16"x20"	\$30.00

Larger sizes on request  
(prox. 6 MB .JPG file = 600dpi @4"x6")

35mm slides* or negs - highest res. (1 item ordered)	\$5.00
35mm slides* or negs - highest res. (multiple scans, each)	\$4.00
All other size negs or slides	\$10.00

(2400dpi scan = 6-7 MB .JPG file)

\*35mm slides must be in 2"x2" glassless mounts.

## MEDIUM RESOLUTION SCANNING

"Shoebox" bulk print scanning for prints from wallet size through 8.5"x12". Torn, wet, mildewed, taped, stapled and some mounted prints are unacceptable. JPEG images are rotated as needed and are burned to an Archival CD. The images are printable up to their original sizes. There are additional charges for removing prints from albums as part of our **PREFERRED SERVICE**. Our **PREFERRED SERVICE** also includes storing copied files into separate folders, scanning reverse sides of prints (as requested) and scanning round or oval photos. Also available with our **PREFERRED SERVICE** are scanning mounted, torn or severely curled prints (additional charges may be incurred). All scans are delivered on a archival style CD and may be also copied to a flash drive for an additional charge.
