

TRUCK BODIES

**TRUCK
BODIES**

PLATFORM BODIES

Strength where you need it

EBY builds all-aluminum platform bodies, stake side bodies, and drop-side flatbeds for a wide variety of applications. Extruded, hardened aluminum long sills and cross-members form the industry's strongest sub-structure. Floors are available in smooth aluminum, diamond plate aluminum, or aluminum and wood combinations. Every EBY flatbed saves you weight, fuel cost, and maintenance expense.

HEAVY-DUTY PLATFORM BODY

Available Sizes:

Lengths: 7' to 32'

Widths: 96" and 102"

Heavy-Duty Platform Body,
shown with forklift carrier at rear

POWERHOUSE

STAKE SIDE BODY

Available Sizes:

Lengths: 7' to 16'

Widths: 84", 96" and 102"

Stake Side Body,
shown with side entry
for road service

LANDSCAPE BODIES

Custom equipment that works for you

You built your landscaping business by working harder than your competition. Work smarter and get more done by stepping up to an EBY landscape truck body. One that doesn't rust. One that delivers more payload and requires less maintenance than steel bodies. EBY truck bodies save you money by out-loading, out-working, and out-smarting the competition.

Double-Wall Landscape Body,

EBY FLEX

REMOVABLE-SIDES LANDSCAPE BODY

Standard Sizes:

Lengths: 9'4" and 11'4" and custom
sizes available

Width: 96"

BIG COUNTRY

FLATBED TOWING BODY

Because you deserve the best

Big Country is the standard by which all other aluminum flatbed towing bodies are measured. With a standard trap door for a gooseneck hitch, you can pull your livestock trailer, equipment trailer, or RV and still have plenty of room for cargo in the bed. Heavy duty aluminum construction means your Big Country bed will take whatever you dish out and always look great, no matter what chassis you put it on.

Flatbed Towing Body

Rear LED Lights

Cast aluminum corners are tapered for widest possible trailer swing, with specially designed LED lights

Gooseneck Trap Door

A trapdoor to access your gooseneck ball hitch is standard

BIG COUNTRY

FLATBED TOWING BODY

Standard Sizes:

Lengths: 7', 8'6", 9' and 11'

Widths: 84¹/₈", 97¹/₄" and 101¹/₄"

EB Y Big Country Flatbed Towing Bodies are in stock and available for quick installation at EB Y Authorized Distributors throughout the U.S.

Flatbed Towing Body, shown with 8" extruded aluminum side kit

SERVICE BODIES

Truck bodies as versatile as the work you do

EBY has been building service bodies for the railroads for years, and we took what we learned from the railroads and built it into our design for the EBY Renegade service body. Taller, wider boxes for more tools. A 49" wide load compartment so you can get a 48" pallet or sheet of plywood inside it easily. Wider handles so you can open cabinets with a gloved hand. Quite simply, the best designed, longest lasting aluminum service body on the market.

RENEGADE

SERVICE BODY

Available Sizes:

Lengths: 8'5", 9'3" and 11'3"

Widths: 80" and 96"

DUMP BODIES

Truck bodies that work smart

The truck you put on the job says a lot about the way you work. The EBY Fullback makes you more productive by hauling more payload and saving you more money on fuel than steel bodies. This body will never rust, and many of our customers transfer their EBY bodies to a new chassis after the original chassis wears out. No corrosion means you don't have to sandblast and paint your EBY dump body—it just keeps on looking good year after year.

FULLBACK

GENERAL PURPOSE DUMP BODY

Standard Sizes:

Lengths: 9'4", 11'4" and custom
sizes available

Width: 96"

EBY Fullback General Purpose Dump Bodies are stocked and available for quick delivery at EBY Authorized Distributors throughout the U.S.

FREIGHT BODIES

Tough van bodies make your job easier

You built a business on hard work and going the extra mile. EBY van bodies are custom built to your business and your specifications. When a standard van body just won't work, step up to a lighter, stronger, more versatile truck body.

CUSTOM VAN BODY

Available Sizes:

Lengths: 10', 12', 14', 15' and 16'

Widths: 90", 96" and 102"

Custom sizes available

shown with lift gate
and side door

CUSTOM SOLUTIONS

At EBY Truck Bodies, we love designing truck bodies and equipment with work in mind. From our roots building wood and steel cattle bodies back in 1938, to our all-aluminum product line of heavy-duty truck bodies and trailers today, we've grown because we always remember that your business is unique. Listening to customers and building heavy-duty equipment that makes their lives easier is what makes us tick. We appreciate your business, and look forward to growing with you.
