

Current Response to COVID-19 Practices & Policies

Below, we have listed the current services we are providing, what guidelines and expectations we have for customers and guests, and last but not least, what we are doing to keep our staff safe.

Section 1: Services

1. We are offering online ordering for pickup at either of our brewery locations, or local home delivery. Shop at beer.foambrewers.com.
2. Onsite service for our outdoor patios and limited indoor seating. See section 2 for details.
3. We have partnered up with a handful of retail accounts around Chittenden County (and a few outside) to make our beer more accessible during these times.

Section 2: Guidelines for visiting guests.

We are currently accepting reservations for both of our outdoor patios as well as a limited amount of seating inside. See below for our rules and regulations.

1. **Masks required.** You are allowed to remove your mask when seated at your table but must wear it at all times that you are waiting to enter, walking to your table, using the restroom, or any other time you are not seated at your table.
2. **Reservations only.** In order to adequately control the capacity, flow, and distance between guests, we are only seating guests who have made a reservation. To reserve your table now, call (802) 399-2511.
3. Please do not join us if you are sick or experiencing any symptoms of COVID-19 (link to CDC site <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>).
4. Guests must respect social distancing guidelines. Please be conscious of your proximity to others at all times you are at Foam and our parking lot.
5. One guest per party must provide their full name and contact information. This is part of the reservation process. We will keep this information for 30 days in case there is a need for contact tracing. After this, we will destroy your information.
6. For each reservation, we'll allow a maximum of 10 people from no more than 2 households.
7. At this time, we are not allowing dogs.
8. Reservations are weather dependent for outdoor tables.

We reserve the right to refuse service to anyone that is not following our safety expectations listed above.

Section 3: Safety & Sanitation Protocols

Along with the guidelines listed in Section 2, we have listed additional measures that we are taking below.

1. Staff is required to wear masks at all times.
2. We have hand sanitizer located at all entrances to the property as well as stationed at convenient locations throughout our space.
3. When possible, office staff work from home.
