GOD'S FAITHFULNESS IN CHURCH PLANTING

Church planting has been a fulfilling, challenging as well as a season of church growth. Firstly, it has been fulfilling in knowing God's plan for His people and His call upon my life. It has been satisfying to see Christ bringing people to church and saving some. The Lord is at work.

Secondly, church planting work has been challenging because the enemy always opposed it through false accusations, discouragements, verbal and spiritual attacks among other challenges. Nevertheless, the Lord has been providing victory through your prayers for us. Thirdly, the church has grown in numbers and there are notable changes in members' spiritual lives. Join us pray for spiritual transformation of many.

In all these things, the Lord has been faithful. The inner fulfillment, victories and church growth as well as progress of church building is a testimony of God's faithfulness. Our prayer is that He will provide enough resources to finish the building. Please join us to thank God for His faithfulness. We thank God for making you our valued partner in serving the Lord. It is priceless.

A NEW HOME

We have moved to another neighborhood this past weekend. The kids are excited for the move. It has been a busy and difficult month to find a house.

The Lord helped us find the house through friends living in the same area. On top of finding the house, the Lord graciously provided funds to us to pay rentals in advance for three months. We really appreciate those that helped to search for the house and those who supported us with funds to cover all related costs.

It is our prayer that in the future we will be able to build our family house on our property close to our church. Please keep praying for us to settle well in this area. Thank you all for your prayers and support. We pray for you constantly.

Logos Church is transitioning from a preliminary church planting stage towards a functional church. At the moment we are putting in place church structure and working on appointing first deacons of the church. On church structure, we are asking our friends and partners to assist with any documents that we may learn from to develop our own that will fit our church context. We are looking for documents such as Children Sunday School Curriculum, leadership roles as well as guidelines and church policies.

Pray that the Holy Spirit will guide us during this stage. Besides prayer, we would request any help towards formulation of these structures instead of reinventing the wheel.

Church Planting Team

Dalitso and Evelyn Numeri

Leading the church planting team. Dalitso serves as the full time pastor. He provides spiritual and leadership oversight of the church. Evelyn has been a sole Sunday school teacher.

Kingsley and Jacqueline Kapanga

Childhood friends of Dalitso. Have served together in youth ministry, especially on village missions. They were very instrumental in the first two years of church plant. Currently they are back in their church. Jacqueline still help us on Church accounts with her accounting qualification. Pray for her to find a job.

Happy and Atupele Chirwa

Happy was Dalitso's roommate at African Bible College. He is serving on part time as a training and discipleship pastor. We are considering his ordination when the time is ripe. Right now he works as a high school teacher. His desire is to come full time. Atupele is leading women guild. She is very committed. Pray for them.

Memory and Grace Kasonda.

Memory has been helping from the beginning. He is Dalitso's childhood friend. He asked his church a permission to help Dalitso plant the church. He will soon go back to his church. Grace is a nurse. She is an intercessor. The Kasondas will be moving to another district because Grace has found a teaching job. Pray for them as they are making this transition. Pray for Memory to find a job.
