Island Elite capped off the 2019– 2020 season with 8 teams: Teeny Weeny Tidepools, Crystal Current, Aqua Mist, Sapphire Storm, Midnight Reign, Blue Lagoon, Coral Crush and Royal Rip Tide. We are so proud of all of our athletes and very appreciative of our ohana.

We are committed to our athletes, and mahalo for your dedication and loyalty. We also appreciate all of the newcomers to our program. Our program is dependent not only on our athletes and coaches, but on our parents as well. As you know, this wouldn't be possible without all of the financial and time sacrifices you make to allow your children to cheer. We understand you may have other children and a variety of other commitments and we realize and appreciate that you work very hard for the funds to pay for this sport. We take your commitment and sacrifices very seriously.

We will not take for granted your support for our program. We pledge to make decisions that are in the best interest of your athlete and your athlete's team. We want EVERY athlete to shine on EVERY team. We take that very seriously, and we will not place an athlete where they can't shine. We must ensure that their hard work results in performances that will make them proud, and will not rest until we do! We will challenge them, push them, and motivate them to go further than they may have believed possible.

Our goal is to win a D2 Summit Bid for EVERY qualifying team, competing for the final time in May of 2021 at the ESPN Wide World of Sports in Florida. If a bid is won, an individual can not opt out of D2 summit,

PLACEMENTS/COMMITMENTS

When your athlete has been placed on a team, they are joining Island Elite, not a specific role on a team, as that can change at any time. A flyer today, may be a sidebase or backspot tomorrow and vice versa. It is a team sport, and placements will be based on what is best for the team. Tuition does not pay for the right to perform. Individuals must meet the level skill requirements to compete. Mandatory tumbling or fly classes may be assigned as needed. Students can be moved to an alternate position if they do not maintain the skill requirements.

Remember, each team is picked to have the best chance of success within their division. Tumbling can play a large factor in team placement, but a **variety of skills**, and abilities are necessary to make each team a strong contender. Keep in mind a successful program will have the majority of kids competing skills they have mastered. From jumps, to tumbling, to dance and stunting, we need well rounded athletes performing at level or higher appropriate skills.

Throughout the season, the coaching staff reserves the right to, at any time, change the roster of a team adding, rearranging or removing athletes for a performance or practice. The coaches are required to ensure they are placing athletes in the best position to score well at every competition. Injury, losing skills, or not being able to perform a skill will result in changes to the routine. Island Elite also reserves the right to change a team's division and level at any time throughout the year.

SKILLS GRID

These are the suggested tumbling skills for each level. We do look at each athletes potential and over all abilities for stunting, jumps, choreography etc. Every athlete will have the appropriate skills for their level and some with advanced skills. They will be able to perform the skills with consistency and good technique.
