

OUR COVID-19 MEASUREMENTS

Dear community,

we value your health as our top priority. Everything we do, we do with your best interest and happiness in mind. We already have strict hygiene procedures in place and closely follow all precautionary measures suggested by the WHO in private and at our workspaces to protect our community from COVID-19.

All jewelry gets shipped directly from the goldsmith to you, with a minimal number of employees involved.

Our precautionary measures:

We clean and disinfect all working materials regularly.

We keep a physical distance.

All jewelry is only touched with gloves which we wash with the 20-second-rule with soap and water.

Before being shipped, your jewelry receives extensive professional cleaning.

We work in shifts and from home as much as possible.

Pro tips to clean your jewelry:

Use a soft cotton towel or alcohol (e.g. 70% liquid isopropanol - no water or chemicals) to clean.

Dry your piece after cleaning or wearing it.

Store your jewelry piece in the etui after wear.

How you can support us:

Leave a review in our shop on your favorite product.

Like your favorite picture on our Instagram feed.

Buy a gift card to cheer up loved ones.

All orders can be placed on my website. All your jewelry orders will get produced and shipped.

For any questions, we are here for you via email or chat!

We hope you are all safe and wish you and your loved ones well during this time.

Sammi Maria
