

Naps Pizza Kit Instructions

1. Preheat oven to 450
2. Set up your baking sheet, ladle or spatula and pizza kit with proofed dough (1-3 hours at room temp, a little squishy with some air bubbles)
3. Use all excess oil from dough pan to grease baking sheet
4. Press and stretch dough to edges of pan.
5. Be patient and work with dough until it stays stretched.
6. Pour sauce from container.
7. Make sure sauce is close to all edges.
8. Re-stretch dough if needed.
9. Spread both containers of cheese evenly.
10. Bake 8-13 minutes until deep brown. Check every 2 minutes after 8 minutes.
11. Use spatula to loosen pizza from pan.
12. Slide pizza back into box.
13. Cut into individual slices.
